OVERVIEW OF THE FINANCIAL REPORTS

Highlights of the Monthly Financial Reports for SEPTEMBER 30, 2022
By Finance Director Marcia Carty, CPA

For the twelve (12) months ended September 30, 2022 the following should be noted:

1. Gross operating revenues generated for the year was \$38,783,368 with \$11,566,687 from general fund and \$27,216,681 from enterprise fund, which was 101.5% of the budget for the year, \$38,191,923.
2. Total operating expenses equaled \$38,563,165, of which \$11,343,712 was disbursed from governmental fund and \$27,219,453 from enterprise fund.
3. Net results for the City are \$220,202. The prior month projection of \$642,983 was further reduced by spending \$622,000 more for the year in purchased electricity, offset by spending \$200,000 less in purchased gas.
4. Actual net results for the twelve (12) months ending September 30, 2022 are \$220,202. The changes made by management, as approved by the Commissioners improved the financial position of the City and averted the original projected loss of approximately \$1.7 million.
5. Debt service coverage is greater than 1.0, currently equals 3.45.
6. Grant revenues are \$3,471,344 with equal expenses. Two grants were removed – one, due to activity projected to start in November 2022 and the other, award rejected, totaling \$3,121,572. The revised grant budget is \$5,66,320, with 61.3% being recognized as revenue.
7. Utility billing for both cycles has increased by \$33,692 when compared to September, 2021. Fuel rate adjustment billed is \$441,488 more than prior year.
8. For the year ended September 30, 2022, Electric Utility billing is \$673,068 more than the prior year, when including the prior year FEMA reimbursements, if the FEMA amount is ignored, then current year billings are \$3,249,131 more. Actual revenues are greater than budget by \$1,809,197, mainly because of the amounts billed for the fuel rate adjustments.
9. Arrears Report reflects a total of \$139,327, a decrease of \$207,330, which is directly attributable to the Customer Service Department's collection efforts.
10. Fuel rate adjustment decreased by .0136, from .0550, down to .0414, when compared to August, 2022.
11. Calculated Net Meter rate decreased from .06116 to .05145, when compared to August, 2022, or a change of .00971.
12. Total disbursements equal \$3.7 million, paid with 730 checks, NODs, and ACHs.
13. For the year, fixed asset purchases are \$3,328,894 – 49% of the amount budgeted.

Items of Concern –

Items of Concern –

- ✦ Installation of Excleron has not been completed, this increases the monthly operating costs by almost \$13,000.
- ✦ The amount which is in the bank accounts and is not being used for operating activity should be earning more passive income. Workshops are being scheduled to inform the Commissioners of various strategies and to receive permission to transfer funds to the investment firm (FL CLASS) to increase revenue streams.
- ✦ The approval process for obligating the City must continue to be modified and enhanced, to spend within budget.

Conclusion – the City is continuing an up-hill path, but the enhanced financial management efforts are producing positive results.

**APPROVAL OF THE
AWARD GROUND STORAGE
WATER TANK REPAIR IN
CONJUNCTION WITH
CONSENT ORDER NO. 22-1902**

**CITY OF QUINCY, FLORIDA
REGULAR CITY COMMISSION
AGENDA REQUEST**

Date of Meeting: November 8, 2022

Date Submitted: October 31, 2022

To: Honorable Mayor and Members of the City Commission

From: Rob Nixon, City Manager
Richard Ash, Utilities Director

Subject: Approval to Award Ground Storage Water Tank Repair
in Conjunction with Consent Order No. 22-1902

Statement of Issue/Justification:

This project is the final item which was cited in the Florida Department of Environment Protection consent order 22-1902 signed on July 22nd, 2022. This item entails repairs to each of the three ground storage water tanks in operation at our Water Treatment Plant. The repairs include sealing a crack which is leaking in the small concrete tank, refill joints in the roof of the larger concrete tank, and a re-grouting at the base of our 1,000,000-gallon steel water tank. This will be the last item listed in the consent order. The other items already completed include the proper permitting for the assimilation of the Joyland water system, proper closure/abandonment of the Joyland well, and several small items which have all been completed.

Conclusion/Background/Recommendations:

Based on the requirements of the project, quotes were requested via advertising and, individual request were sent to six firms who perform this type of work. We received three responses. On 27th of October, we formally opened the three bids. A copy of the bid tabulation sheet is attached for your information. Razorback LLC was the low bidder at \$30,000. Razorback LLC was the only company to complete a site inspection.

General Recommendation:

Staff recommends the Commission approve the award of this project to Razorback LLC and direct staff to procure a signed agreement with Razorback to proceed with the project.

GL Number: 404-530-533-30466

Options:

REGULAR CITY COMMISSION
AGENDA REQUEST**

Date of Meeting: November 8, 2022

Date Submitted: October 31, 2022

To: Honorable Mayor and Members of the City Commission

From: Rob Nixon, City Manager
Richard Ash, Utilities Director

Subject: Approval of the Purchase of Gas System Odorizer

Statement of Issue/Justification:

The City of Quincy existing gas system odorizer was purchased from a company named Williams in 1973. This company is no longer in business and this model odorizer is no longer manufactured. We are unable to obtain parts for repairing the existing odorizer. In the U.S., Federal Regulation 49 CFR 192.625(a) states the following "any odorless gas within a distribution or transmission line must contain odorant at the level of 20% or 1/5 the lower explosive limit". The odorant provides the public with an effective warning device to alert them when there is a problem, such as a gas leak.

Conclusion/Background/Recommendations:

In the fiscal 2023 approved budget, funding was approved to replace the gas systems existing odorizer. The Utilities Department has obtained three bids for a replacement odorizer. The lowest bid is from Devtech Sales, Inc in the amount of \$53,130.00.

General Recommendation:

Staff recommends the Commission approve the purchase of a gas system odorizer from Devtech Sales, Inc for the price of \$53,130.00.

GL Number: 405-561-532-60644
