Public Hearings and Ordinances as Scheduled or Agendaed

Ordinance No. 1102-2018 Storm Recovery Surcharge on Second Reading

Commissioner Harris made a motion to read Ordinance No. 1102-2018 by title only and properly second by Commissioner Gay. The vote: Commissioner McMillan, yes; Commissioner Harris, yes; Mayor Sapp, yes; and Commissioner Gay, yes; the ayes were unanimous and the motion carried.

This agendaed item is open to the Public for Public Hearing.

Finance Director, Ted Beason addressed the board stated that as previously stated from our last meeting, we had a lot of damage from Hurricane Michael; and to repair our electric system to restore power to our customers, we had to depend on the help of mutual aid from other municipalities and they did not come without a cost. With this enactment it would increase the residential customer charge by \$ 8.83 per month and the Base rate and Sepa charge to be combined.

Mayor Sapp asked if the Sepa charge be kept separate from the base rate; stating if combined

Commissioner Dowdell wanted to know when the new rates would go into effect.

Mr. Beason stated, the new rates will go into effect in February.

City Attorney stated that it is the first billing cycle after the Ordinance approval.

Mr. Beason stated that would be January 22, 2019 when the micro-surcharge go Into effect.

Commissioner Dowdell wanted to know if we were ready to deal with a set number of days on billing statement and he wants to see a set number of days on the billing statements.

City Manager Jack McLean Jr. stated that it is difficult to give a set number of days for a statement bill. The normal range from the past is twenty eight to thirty two days. Several factors go into this, weather, meter reader, staff or book reading.

Commissioner Dowdell stated he does not want to see the customer bear the cost of these excessive days and if the next Utility Bill will be the bill with less days and customers will see a break. He added that he doesn't want to see extra days on the bill after the surcharge pass.

City Manager stated that prior to Hurricane Michael, the bills were in a normal range and after Michael was when the normal days changed.

Mayor Sapp asked can we see the normal days as prior to Hurricane Michael.

Commissioner Dowdell stated, if there are more days on the bill, we must notify our customers.

Commissioner Dowdell wanted to know if we can do a summary sheet why we are Doing this.

Mr. Beason stated, yes we can.

Mayor Sapp stated that we are our first source of information for our constituents and When something is printed that is not true, we should be able to tell our constituents the truth and that is why we were elected.

City Manager stated that we would be using our Face Book Page to get information out; we will also put it on our website page. The Face Book Page was a very useful tool during the hurricane and we will continue to use it to get information out.

The Mayor stated that this public hearing on Ordinance No. 1102-2018 was open to the public and they may come to the podium.

Denise Pouncey Hannah, 719 14th Street. Ms. Hannah stated, Commissioner Dowdell, my sentiments, exactly. She did not understand the electric rate increase, storm recovery fee, with a sunset of four years, along with all the other fees.

Frieda Bass Prieto, 329 E. King Street. I've tried to figure my new bill with the new rate and going to Municode, with that rate, my bill would be totally different. I spoke with Mr. Beason and he said it was a combination. The website had no information of the Sepa charge; Municode was not up to date. If people can't pay current rate, with this increase, what will the people do.

City Manager Jack McLean Jr. stated, Ms. Bass is correct about the website not being up to date and Municode is not updated as well, there's no excuse. I've spoken with the Attorney to take whatever steps we need to correct this. There's no reason to be confused; but you may not agree. The Sepa charge is separate and was always meant to be separate on the account and not to be shown in the base rate. The first thing will be corrected by the Attorney and myself.

Mr. Beason stated for a residential customer, the flat rate cost per kilowatt hour would increase, from 9.241 cents to 10.120, a 9.5% increase. When considering the total

electric charge which includes a base customer charge and fuel adjustment charge, the average residential customer with 1005 kwh of electric consumption would have an Increase from \$ 111.53 to \$ 120.36; an \$ 8.83 increase, 7.92% increase. Yes, the Storm Recovery does have a sunset; 2019, 2020, 2021, 2022.

Mayor Sapp stated that one must know the total kwh consumption and multiply that by the new rate, plus a customer charge will give us a total electric charge.

Mayor Sapp asked, to the board are there any questions.

Mayor Sapp stated that the public hearing was closed and turned this matter over to the Commission.

Commission Dowdell made a motion to approve Ordinance No. 1102-2018 Hurricane Michael Electric Storm Surcharge on the second reading and properly seconded by Commissioner Gay and the motion carries four to one.

Resolution 1383-2019 Line of Credit Authorization for Hurricane Michael Mutual Aid

Finance Director Ted Beason stated that the Capital City Bank has agreed to lend the City \$ 3 million, as a line of credit and would allow us to take \$ 750,000 up front.

Commissioner Gay stated \$ 3.1 million to pay back mutual aid and repair system and \$1.1 to harden system, totaling \$ 4.2 million, minus \$ 3 million line of credit and The surcharge projection will generate \$ 1,024,000, per year for four years. Commissioner Gay asked, where is that money going? It is the duty of this commission to oversee these funds and how will the line of credit be paid back?

Mr. Beason stated it will have a separate line item and the line of credit will be paid back by the micro surcharge fee.

Commissioner Gay asked? How's this commission going to monitor and over-see these funds through Finance Reports.

Mr. Beason stated that he will provide a separate monthly spread sheet report.

Commission Gay stated, going back and to be fully transparent that we as a Commission provide proper over-site in reports and audits.

Commissioner Gay stated that we have a debt of \$ 4 million and plan to pay it back; but we can't afford to buy things we don't need. That is why, we as the commission must provide proper over-site of these funds and make sure what they are telling us will happen.

Mayor Sapp stated that like Commissioner Gay it is incumbent of us, this commission To provide over-site and know where this money is being spent.

Mayor Sapp stated, there's a resolution on the floor; Commissioners?

Commissioner Harris made a motion to approve Resolution 1383-2019 Line of Credit Authorization and was properly seconded by Commissioner Dowdell.

City Attorney Scott Shirley stated that this authorizes approval of the Line of Credit and there are documents for all commissioners to sign.

Mayor Sapp asked for the vote and the motion carried five to zero.

Commissioner Dowdell asked Mr. Beason, you say at closing, we are required to draw down \$ 750,000 and that will be used for what?

Mr. Beason stated to pay Jacksonville Electric Authority.

Ratification of Two Expenditures Traffic Control Assembly for Adams/Jefferson and Pole Replacement for Adams and King Streets.

There was a sense of urgency to provide the safety of our Citizens. The first invoice: Mas Tec for \$15,000 to replace a utility pole at King and Adams and the second invoice from Ingram Signalization for \$23,000 to replace the traffic controller cabinet at Jefferson and Adams.

Commissioner Gay made a motion to approve Option 1: To ratify the two expenditures to replace the utility pole at King and Adams and replace the traffic controller at Jefferson and Adams and was properly seconded by Commissioner Harris.

Commissioner McMillan, are we searching the budget to see where this money is coming from?

Mr. Beason stated that it will come from the budget.

Mayor Sapp asked for the vote, the motion carried five to zero.

Commissioner Gay stated, that like Commissioner McMillan I to can see the difference in the speed of traffic on King Street; some have not gotten the message yet; but keep up the good work.

Mayor Sapp asked the Chief to give us an update in District 1 and District 2, as well as other communities trying to keep us safe.

Chief Sapp thank Commissioner McMillan and Commissioner Gay and stated that He would pass that along to his fellow officers.

In the past couple of months, in Tallahassee and South Georgia there has been a rise Criminal activity. We want to advise our community, if you see something, say something or if you find some young person with a firearm, please call the Police Department. We are strong advocates of education to keep our community safe, We will talk to one child or one school, school district, single parent or anyone. The Chief stated that he extends that invitation and that he will do that himself. Chief Further stated that Drugs destroy lives and take lives. November Financial Statements

P-Card Statements – Comments – None

Comments on any Financial Statements

Commissioner McMillan-what is the reason for the large arrearage report.

Finance Director, Ted Beason stated that since the storm, we allowed customers to defer bills; we will start back up this month with collecting arrearages.

Commissioner McMillan stated he had some concerns about our debts.

Mr. Beason stated that all our debts are paid on time.

Commissioner Harris wanted to know how that would work with the two month deferred bill. Will a customer be turned off if no payment is made?

Mr. Beason stated, customers who make no contact or arrange payment that will apply.

Commissioner Harris states we may have set some customers up for failure, with both bills compounded. Can we reach out to those customers, to see if they have the ability to pay; because we put them in that situation.

Mayor Sapp asked, do we have a percentage of customers who asked for an opt out?

Mr. Beason stated, it's a small number.

City Manager Mr. McLean, asked for a more detailed report of those customer and get it out tomorrow to the Commissioners.

Commissioner McMillan, how are we coming along with reconciliation?

Mr. Beason stated that we stopped cutting people off, in consideration of Hurricane Michael.

Charter Compliance – Commissioner Dowdell

Commissioner Dowdell ask the Attorney to brief us on one issue. City Attorney stated that Commissioner Dowdell asked him to brief us on Section 2.04 of the charter that city commissioners are allowed to deal with City employees. It is required that you go through the manager in order to avoid interference, which is punishable by a misdemeanor.

Commissioner Dowdell stated that we need to be very careful about some things we do.

Commissioner Dowdell asked Mr. McLean, may I question the Chief?

Yes, stated Mr. McLean.

Commissioner Dowdell asked Chief Sapp, did you receive a complaint from one of your Police Officers, with regard to a fire about a vehicle.

Chief Sapp, yes I did.

Commissioner Dowdell can you explain to us.

City Manager McLean stated that the Chief forwarded to him the complaint. That during the fire, a directive order was given to move a vehicle and the Officer was responding to moving the vehicle; but that the Commissioner on site moved the vehicle. I forwarded to memo to the City Attorney and to interface with the Commissioner.

Commissioner Dowdell asked City Attorney did he investigate that.

Mr. Shirley stated, its not fair to say I did; I should not be investigating Commissioners. I did at the request of the Manager made contact with the Commissioner and he called me back with a written explanation and I did pass on to the Manager.

Commissioner Dowdell stated that Mr. Attorney when you forward to the City Manager; there's nothing that the Manager can do. It needs to come to the Commissioners. City Attorney can't do anything to a Commissioner; it has to come from the board, itself.

Mayor Sapp stated that moving forward in this New Year, she wants the Commissioners to resume working together with each other so that we can move the City forward. In all five districts, we represent the City as a whole. Let's start thinking about Quincy As a whole and make the best decision and not just in our districts.

Mayor Sapp thanked Commissioner Dowdell and Attorney Shirley for clarification of that ordinance.

Comments

City Manager – The Commission adopted two legislative positions. To actually provide funding for our local, Lane Stephens & Gunster Yoakley; we may have to come up with another thousand dollars and putting you on notice, if that be the case, I'll take care of that. The Governor has set a meeting on the 17th of this month to talk about our budget items and we are preparing for that meeting and getting documentation in place. Mr. Stephens did reach out to the west of us, and they will join us in our legislative effort; to look at the windfall sales tax from Hurricane Michael. Other agencies and counties are joining in for support. The County Superintendent is also joining us in our legislative efforts, in securing the lobbyist Gunster Yoakley to help us with this. All our efforts have been positive.

Mayor, when do we expect our City Clerk to return back to work?

And the doctor will let her know when she can return to work.

Commissioner Harris asked, how many years are we behind?

City Attorney Shirley stated, five years.

Commissioner Harris, how long will it take to catch up?

Mayor Sapp asked is there money in the clerk's budget to be codified.

Mayor Sapp stated, should be.

Commissioner Harris asked who holds the clerk contract and where can I get it.

City Manager McLean stated, she's appointed Commissioner.

Commissioner Harris asked how we can straighten this out. Is she a full time employee?

Mayor Sapp said, supposed to be. Attorney Shirley, do you have a deadline for us?

City Attorney Shirley stated, I don't know when she's going to be back, that's The problem.

Mayor Sapp, Commissioners how do you want to handle this?

City Attorney Shirley stated I want to give her ninety days.

Commissioner Harris made a motion to give clerk ninety days to update Municode Ordinances and was properly seconded by Commissioner Dowdell.

Commissioner McMillian asked, are we getting into HR for an employee who may not be healthy enough to come back to work? The ninety days sounds fine to me.

City Attorney stated, if Ms. Hicks is not back in a couple of weeks, I'm just going to figure out how to get it done.

Mayor Sapp asked City Attorney did he need help or someone in the office to help with that.

City Manager McLean stated you have the interim clerk.

City Attorney Scott Shirley stated that I will get with Ms. Powell, she's very knowledgeable and we can get it done.

Commissioner Harris stated that at the end of ninety days we can revisit this process.

Mayor Sapp asked for a vote on the motion, and the motion carried five to zero.

CITY OF QUINCY CITY COMMISSION AGENDA REPORT

Date of Meeting: January 22, 2019

Date Submitted: January 17, 2019

To: Honorable Mayor and Members of the City Commission

From: Jack L. McLean Jr., Interim City Manager

Scott Shirley, City Attorney

Subject: Options for Relinquishment of

Commissioner Benefits

STATEMENT OF ISSUE:

The Mayor and Commissioners currently receive certain benefits as employees of the City of Quincy. Among these benefits are compensation, participation in the City Employee Retirement Savings Plan, and eligibility for the City health insurance program. We have been asked to investigate options for amendment to the Code of Ordinances to allow commissioners the option of relinquishing all or part of their compensation and retirement plan benefits. Commissioner participation in the City health insurance program is already optional and is not included in this report.

DISCUSSION:

Compensation: Under Code of Ordinances Sec. 2-61, as amended by Ordinance No. 1085-2016, commissioner compensation is set on an annual basis as part of the budget process. In the City Budget for FY 2018/2019 annual compensation is currently set at \$16,167 for Commissioners and \$17,467 for the Mayor. Sec. 2-61 could be further amended to provide that a commissioner may voluntarily elect to reduce or eliminate their compensation. Such elections should be written and submitted no later than the preceding August 31 as part of preparation of the budget to which such election pertains, and be binding for that entire fiscal year.¹

Retirement Plan Benefits: The contents of the City's Employee Retirement Savings Plan (Retirement Plan) must be compliant with the federal Internal Revenue Code (IRC) in order to preserve the tax deferred status of employee retirement accounts. The IRC only allows an election to participate if the election occurs at the

¹ It should be noted that any Commissioner who elects to eliminate compensation, but would like to receive health insurance benefits, would be billed monthly for the employee contribution, as well as for dependent coverage.

time the employee first becomes eligible to participate in any government retirement plan and is irrevocable and permanent for all current and future employment with that governmental entity. Recognizing the above limitation, the City Retirement Plan could be amended to allow commissioners to elect at the time of initial employment not to receive retirement benefits. Such an amendment could not apply to any of the current elected Commissioners or any future commissioner who previously worked for the City and participated in the retirement plan for general employees or for police officers and firefighters, as their time of initial eligibility has (or will have) already passed. In addition, such election not to participate would continue to apply in the instance of subsequent employment by the City after leaving the Commission. If a Commissioner ever becomes a City police officer or firefighter, this federal restriction could conflict with State requirements applicable to the City's retirement plan for its police officers and firefighters, so further legal analysis should be conducted before implementing this option.

An alternative is to categorically eliminate Retirement Plan eligibility for Commissioners. Such an amendment could apply to all current and future Commissioners, but would not affect previously-accrued benefits.

Finally, as Retirement Plan contributions are based on rates of compensation, allowing a Commissioner to reduce or eliminate compensation, as discussed above, will automatically reduce or eliminate Retirement Plan benefits. Such an amendment to allow a reduction or elimination in compensation would effect a proportionate reduction in retirement benefits without the necessity of amending the Retirement Plan.

CONCLUSION:

Based on our research, the following options are available to provide for a voluntary relinquishment of Commissioner benefits:

- 1. Amend Code of Ordinances Sec. 2-61 to allow individual Commissioners to reduce or eliminate compensation.
- 2. Amend the Retirement Plan to allow commissioners who are new employees to elect not to receive retirement benefits for any City employment.
- 3. Amend the Retirement Plan to exclude Commissioners from Retirement Plan eligibility.

Subject: 2018 OMI Contract Amendment

Statement of Issue

Pursuant to the current Agreement for Services between the City of Quincy and CH2M HILL-OMI, the annual base fee for services shall be negotiated annually. OMI is proposing Amendment No. 11 to the agreement with a 2.48% or \$25,474 increase.

Background

On October 1, 2007 the City of Quincy and CH2M HILL- OMI entered into an agreement for the operation, maintenance, and management of the City's water and wastewater treatment facilities. Section 5 of the agreement establishes a provision for the annual negotiation and adjustment of the contract amount. The following table shows the fee for each of the previous ten years. Years 1 thru 5 of the contract included a base fee plus a separate repairs account expense of \$30,000. In Year 6 of the contract (FY2013) there was no increase in the base fee but the \$30,000 repairs account was removed as a separate item and added to the base fee.

Annual Fee Amounts Under Current Contract

Contract Year	Base Fee	Repairs Account	Total Contract Value
YEAR 1 (2007-2008)	\$841,110.00	\$30,000	\$871,110.00

YEAR 3 (2009-2010)	\$875,270.00	\$30,000	\$905,270.00
YEAR 4 (2010-2011)	\$892,775.00	\$30,000	\$922,775.00

Proposed

Contract Year	Base Fee	Repairs Account	Total Contract Value
YEAR 12 (2018-2019)	\$ 1,054,468	Included in Base Fee	\$ 1,054,468

Analysis

For year 12 CH2MHill – OMI has proposed an increase of 2.48% or \$25,474 to the annual base fee. The proposed increase is determined using the CPI/ECI base fee adjustment formula as set by the contract. The 2.48% rate is applied to the previous base fee less the \$30,000 repairs limit. The new proposed fee is \$1,054,468.

Options

Staff is proposing the following options for consideration by the commission.

Option 1: Authorize the Mayor and the City Manager to sign Amendment No. 11 to the Agreement of October 1, 2007 between the City of Quincy and CH2MHILL-OMI.

FROM: Jack L. McLean Jr., Interim City Manager

SUBJECT: Update on the City's Application for (FFY 2017)

CDBG Grant Application; and Award of Engineering

and Administrative Services

Statement of Issue:

This agenda item is intended to inform the City Commission of the success of the City's effort to secure money from the State Department of Economic Opportunity to upgrade part of the City's main sewer truck line along GF&A road. On August 13, 2018 the City submitted to the Florida Department of Economic Opportunity (DEO) an application for the FFY 2017 CDBG Grant. On December 10 2018, DEO informed the City that they have completed the review of the application and that the final score for the City is within the fundable range; for that reason, the City has been awarded a "\$750,000 subgrant effective December 10, 2018." They indicated in the award letter that the "City can now incur cost, begin the environmental review and procurement of professional services, but the City cannot request for reimbursement for any cost until the subgrant agreement is executed by both parties". (See Attachment 1 for the agenda item approving the submittal of the grant application and Attachment 2 for the letter from the State).

The City put out a request for proposal (RFP) for engineering as well as administrative services. The advertisement for the RFP appeared in Tallahassee Democrat (a newspaper of greatest circulation in the metropolitan area) on November 8, 2018. The closing date for the RFP was December 27, 2018. Only two companies responded: Dewberry Engineers, Inc., for engineering services; and Roumelis Planning and Development Services, Inc., for administrative services. Under DEO procurement policy, only one bid or proposal is needed to complete the procurement process if the advertisement appeared in a newspaper that is circulated in a metropolitan area. Thus, the City has met the requirement for procurement established by the State and is therefore requesting that the

Commission approve the award of the engineering services to Dewberry Engineers Inc.; and the administrative services to Roumelis Planning and Development Services., Inc. The City's staff is recommending that the City Commission approve of the hiring of Dewberry Engineers, Inc., for engineering services; and Roumelis Planning and Development Services, Inc., for administrative services.

Background:

- A. <u>Use of the CDBG Money</u>: The \$750,000 CDBG grant money will be used to upgrade the major sewer trunk line south of Jefferson Street (US 90), running southeast between S 9th Street and S Adams Street. If sufficient funds are available, the line upgrade may be extended further east for one or more blocks. Other potential uses of the remaining funds (if any) include replacement/rehabilitation of some smaller sewer collection lines that feed into the trunk line, or replacement of cast iron water lines in the same general area.
- B. <u>Dewberry Engineers Inc.</u>: Dewberry Engineers Inc., is a nationally reputable engineering firm with a branch office located in Blountstown, Florida. The company staff are very familiar with the CDBG grant process and have administered various grant funded projects in the City including MLK resurfacing, King Street resurfacing and other projects in the County. Mr. Justin Ford, one of the company's senior associates, will serve as the project manager for this contract. Dewberry under the auspices of the Justin Ford was very instrumental in the success of the City's grant application.
- C. Roumelis Planning and Development Service, Inc.: Roumelis Planning and Development Services is a very established administrative services company with about 70 years of experience including many years of administering CDBG grant awards to local governments. The company is based in Tallahassee and the President, Ms. Deborah Roumelis Belcher was very instrumental to the preparation of the City's application. Ms. Belcher is very familiar with the City of Quincy and has done work in the City in the past. She is very knowledgeable about the CDBG grant process and will do an excellent job administering the grant. The RFP response packet from this applicant includes recommendations from a multitude of people and organizations including Calhoun County, Franklin County and City of Apalachicola.

OPTIONS:

Option 1. Vote to approve Dewberry Engineers Inc., and Roumelis Planning and Development Services, Inc., respectively for the engineering

and administrative services associated with the CDBG grant award to the City.

Option 2. Do not vote to approve Dewberry Engineers Inc., and Roumelis Planning and Development Services, Inc., respectively, for the engineering and administrative services associated with the CDBG grant award to the City.

AGENDA ITEM FOR THE MEETING OF JULY 24, 2018 APPROVING THE SUBMITTAL OF THE APPLICATION.

CITY OF QUINCY CITY COMMISSION AGENDA REQUEST

MEETING DATE: July 24, 2018

DATE OF REQUEST: July 19, 2018

TO: Honorable Mayor and Members of the City

Commission

FROM: Jack L. McLean Jr., Interim City Manager

Bernard O. Piawah, Building and Planning Director

SUBJECT: Second/Final Public Hearing for Proposed 2018 (FFY

2017) CDBG Grant Application Consideration of City

Financial Contribution

Statement of Issue:

This agenda item is a follow up to the 1/23/2018 Commission vote to direct staff to prepare a Community Development Block Grant (CDBG) application to fund sewer trunk line replacement work on the south part of the City. The CDBG grant will include replacement of the line south of Jefferson Street (US 90), running southeast between S 9th Street and S Adams Street. If sufficient funds are available, the line replacement may be extended further east for one or more blocks. Other potential uses of remaining funds (if any) include replacement/rehabilitation of some smaller sewer collection lines that feed into the trunk line, or replacing cast iron water lines in the same general area, as proposed in a previous unfunded CDBG application. Applications are due to the Florida Department of Economic Opportunity August 13, 2018.

The City's need for sewer line replacement has been known for a long time, but such projects are not feasible with only City funds. The CDBG grant would only fund less than half of the entire length of the needed line replacement, so further work will still be needed. If the City contributes local funds, this project will be able to meet more of the need.

An additional advantage of contributing local funds to the grant project is that, for every \$2,000 in non-CDBG funds contributed, one point is added to the grant application score, up to a maximum of **25 points for \$50,000**. The **CDBG program is highly competitive**, and local "leverage" funds play an important factor in the application process.

Background:

City staff has sought a means to address the need to replace the failing sewer trunk line on the south part of the City. The City's consultant, Dewberry Engineers, Inc., and their sub-consultant, Roumelis Planning and Development Services, Inc., have prepared a draft application for a \$750,000 Florida Small Cities CDBG grant. Their work has been performed at their own cost, for the City's benefit. In addition to normal grant application preparation tasks, Dewberry has conducted a door-to-door survey of the project area to document the beneficiaries of the proposed grant project. Dewberry is also preparing the engineering design plans and specifications package for the project. Submitting the design package with the CDBG grant application will greatly enhance the City's grant application score.

The City's CDBG Citizen Advisory Task Force recommended the proposed project. A public hearing was conducted 1/23/2018, with no public comments received.

The grant budget includes:

Sewer replacement	\$647,590
Engineering	\$ 42,410
Administration	\$ 60,000
Total	\$750,000

OPTIONS:

- Option 1. Approve the CDBG grant application on second/final public hearing and consider public comments, if any unless sound objection to the application is received; and
 - authorize \$50,000 in City funds to be contributed to the CDBG grant, from the City's FFY 2018/19 budget.
- Option 2. Approve the CDBG grant application on second/final public hearing and consider public comments, if any unless sound objection to the application is received; and
 - authorize a **specified amount** less than \$50,000 in City funds to be contributed to the CDBG grant, from the City's FFY 2018/19 budget.
- Option 3. Approve the CDBG grant application on second/final public hearing and consider public comments, if any unless sound objection to the application is received; and

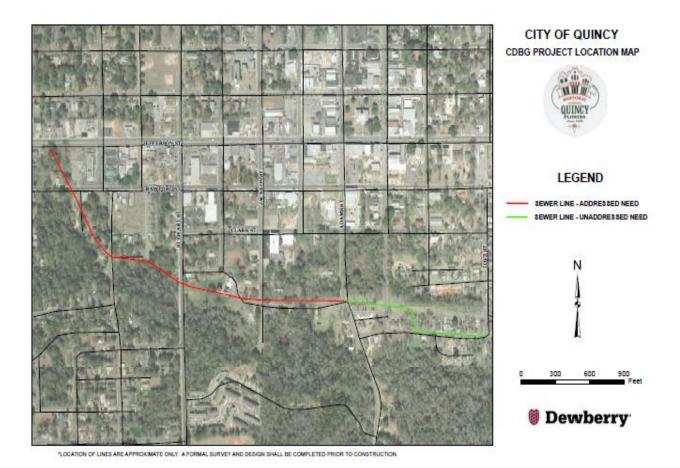

- authorize only \$2,000 in City staff time to be contributed to the CDBG grant, from the City's FFY 2018/19 budget,
- Option 4. Conduct the second/final public hearing on the CDBG grant application and consider public comment, if any and do not authorize the CDBG application submission.

Cissy Proctor EXECUTIVE DIRECTOR

December 10, 2018

The Honorable Angela G. Sapp, Mayor City of Quincy 404 West Jefferson Street Quincy FL, 32351

RE: Small Cities Community Development Block Grant (CDBG) Program Federal Fiscal Year (FFY) 2017 Neighborhood Revitalization Funding Contract Number: 19DB-ON-02-30-02-N 10

Dear Mayor Sapp:

The Florida Department of Economic Opportunity (DEO) has completed its review of the City's FFY 2017 Florida Small Cities CDBG Application for Funding. The final score for the City's application is within the fundable range. Thus, the City is awarded a \$750,000 subgrant effective December 10, 2018. The City can now incur cost, begin the environmental review and procure professional services, but the City cannot request reimbursement for any costs until the subgrant agreement is executed by both parties. The subgrant period will expire on June 9, 2021.

A copy of the program conditions for the subgrant (Attachment D) is enclosed. Please review the program conditions as they list deadlines for some activities to be completed and the financial consequences that will reduce the subgrant amount for not meeting the deadlines.

A copy of the City's CDBG subgrant agreement and other required documents will be emailed to the project contact person identified in the City's application as soon as the preliminary review of the contract is completed. The City will need to print out three copies of the agreement and have them signed and dated by the person authorized to sign. They must be returned to DEO within 45 days of receiving the emailed agreement and related documents.

If the City has not sent a copy of its CDBG application to the State Clearinghouse, please ensure that it does so as soon as possible. One copy of the following application sections must be sent to the Clearinghouse:

- Part 2: Application Profile and General Scoring Criteria;
- Part 3: Sources and Uses of Non-CDBG Funds (Leverage), if applicable;
- Part 7: Form N-1 only;
- Part 9: Appendix A: Maps; and
- Part 9: Appendix D: Historic Preservation Documents, if applicable.

Such changes include revisions related to: the scope of work, procurement, financial consequences, elements of the project narrative, documentation requirements for reimbursement, and public records responsibilities.

DEO anticipates conducting implementation training for FFY 2017 subgrantees in February or March of 2019. The new subgrant agreement requires, and continued funding of the CDBG project is contingent upon, an employee's or elected official's attendance at this training. DEO will reimburse the travel expenses in accordance with section 112.061, Florida Statutes, for one qualifying employee or elected official from the City to attend the training provided that the reimbursement request is submitted within 60 days following the workshop. The City is responsible for ensuring compliance with all state and federal regulations, submitting reports on time, and completing project activities even if the City hires a subgrant administrator. Additional information regarding the training will be e-mailed to the project contact listed in the City's application.

Program Conditions - Quincy

- 1. The Recipient shall demonstrate that progress is being made in completing project activities in a timely fashion.
 - a. Within 120 calendar days of the subgrant award, the Recipient shall complete the following activities:
 - Request approval for all professional service contracts; and
 - Submit an initial payment request for administrative services, if applicable.
 - b. Within 180 calendar days of the subgrant award, the Recipient shall complete the following activities:
 - Complete the environmental review and submit the Request for Release of Funds and Certification (form HUD-7015.15) to DEO for review; and
 - Request a wage decision(s) using DEO form SC-56 for applicable construction activities if points were received on the application for "Readiness to Proceed;"
 - c. The Recipient shall advertise for its construction procurement within 30 calendar days after receiving its Authority to Use Grant Funds (form HUD-7015.16) and DEO's written acceptance of the plans and specifications if Recipient received points for "Readiness to Proceed" on its Application for Funding.
 - d. If the Recipient did not receive points for "Readiness to Proceed," it must request a wage decision(s) using DEO form SC-56 at least 30 days before advertising for its construction procurement.

Financial Consequences:

Failure to comply with any one of the conditions listed above within 15 business days after the specified due date will result in a financial consequence of \$1,000 and \$1,000 per month beyond the due date until the requirement is met; and loss of "Readiness to Proceed" points, where applicable, which will impact the overall score of the application. DEO shall deduct the amount of the assessed financial consequence from the disbursement amount due to Recipient. If Recipient has only one (1) instance of failure to comply with this agreement, DEO, in its sole discretion, may waive assessment of the financial consequence if the submittal is made within 15 business days of the due date.

A justification for the delay and a plan for timely accomplishment shall be submitted to DEO within 15 calendar days of the due date. Any subgrant agreement for which the Recipient has not completed two or more of the activities listed in a. through d. above shall be rescinded unless DEO agrees that the Recipient has provided adequate justification for the delay.

- 2. The Recipient shall maintain records of expenditure of funds from all sources that will allow accurate and ready comparison between the expenditures and the budget/activity line items as defined in Attachment A Project Detail Budget and Deliverables and Attachment C Activity Work Plan.
- 3. No costs may be incurred prior to the effective date of this Agreement, except for those eligible application preparation costs outlined in the original Small Cities CDBG Application for Funding submitted to DEO, unless pre-agreement costs were approved in writing by DEO.
- 4. The Recipient shall not exclude any firm from submitting a bid or proposal for any work funded partially or wholly with CDBG funds based on a minimum experience requirement. However, a firm's experience can be considered as an evaluation factor in the ranking for professional services and taken into account in evaluating the "responsibility" of a firm when determining the "low, responsive, responsible bidder" for services procured through bids, as required by 2 C.F.R. § 200.319(a).

- 5. CDBG procurement for consultant services and construction activities requires public notice in a newspaper of general circulation in the county where the Recipient is located. The public notice shall include the following criteria for the procurement process to meet legal requirements and be approved:
 - a. If the notice is published in a newspaper that is located in an Office of Management and Budget (OMB) designated metropolitan statistical area (MSA), only one responsible and responsive bid or proposal is needed to complete the procurement process. If the notice is not published in a newspaper that is located in a MSA, at least three responsible and responsive bids or proposals must be received by the Recipient to complete the procurement process;
 - b. A Recipient, whose newspaper of general circulation is not located in a MSA, may advertise in both a local newspaper and a newspaper in a nearby MSA. In this case, only one responsible and responsive bid or proposal would be needed to complete the procurement process;
 - c. The public notice must be published at least 12 days before the deadline for receipt of the proposals or bids. For construction activities, the public notice period shall conform to section 255.0525, F.S. regarding the numbers of days between publishing the notice and bid opening;
 - d. Nothing in subparagraphs a., b., or c. above shall preclude the Recipient from using additional media to solicit bids related to procurement of professional services and construction activities;
 - e. Each public notice for procurement of CDBG professional services, except for application preparation, must identify either the CDBG funding cycle or the CDBG contract number. In the absence of any identifier, the procurement will be presumed to be for the CDBG funding cycle closest to the publication date of the notice;
 - f. In procuring services for subgrant administration, the public notice or the Request for Proposals must include all the criteria that will be used to evaluate and score the proposals. Any firm that assists the Recipient in developing or drafting criteria used in the Request for Proposals (RFP) shall be excluded from competing for the procurement as required by 2 C.F.R. § 200.319(a); and
 - g. Any RFP which includes more than one service shall provide the following:
 - Proposals may be submitted for one or more of the services;
 - Qualifications and proposals shall be separately stated for each service; and
 - Separate evaluations shall be done on the proposals for each service.
 If separate procurements result in one firm being selected for both application and administration services, those services may be combined into one contract provided there are separate scopes of work and a separate fee for each service.
- 6. A written evaluation, such as a ranking sheet or narrative, shall be prepared for each proposal, ranking or comparing each proposal to the criteria in the published RFP.
- 7. The Recipient is not required to publish a RFP for subgrant administration if it decides to contract with its Regional Planning Council to administer the subgrant.
- 8. A Recipient whose application received "Readiness to Proceed" points may use the design engineer for services during construction if DEO determines that the procurement for design services is compliant with 2 C.F.R. part 200 and the RFP specifically included services during construction in the scope of work.
- 9. For construction procurement, if other funding sources will be included in the bid documents, the activities to be paid for with CDBG funds must be shown separately so that the bid proposal identifies the CDBG activities and the amount of the contract to be reimbursed with CDBG funding.

- 10. Construction contracts shall be awarded to the low, responsive and responsible bidder. If all bids exceed the available funds, the Recipient can apply one or more deductive bid alternates to determine the low, responsive and responsible bidder. The Recipient can reject all bids if they exceed the available funds and republish the notice.
- 11. The Recipient shall request approval of all professional services contracts and/or agreements that will be reimbursed with CDBG funds. Copies of the following procurement documents must be provided to DEO for review:
 - a. A copy of the Request for Proposals (RFP);
 - b. A copy of the RFP advertisement, including an affidavit of publication from the newspaper;
 - c. A list of entities to whom a notification of the RFP was provided by mail or fax (if applicable);
 - d. Documentation of all efforts to get MBE/WBE firms to submit proposals;
 - e. For engineering/architecture contracts, a list of firms that submitted a proposal (only if short-listing procedure was used);
 - f. Completed and signed final evaluation/ranking forms for all firms submitting a proposal and a scoring summary sheet;
 - g. A copy of the cost analysis for administrative services procurements, or if multiple responses to the RFP were received, a copy of the price analysis;
 - h. A copy of a cost analysis for all procurements of engineering services;
 - i. A copy of the minutes from the commission/council meeting approving contract award;
 - A copy of the proposed contract;
 - k. Truth-in-Negotiation certification (if not in the contract) for engineering contracts over \$150,000;
 - l. If a protest was filed, a copy of the protest and documentation of resolution;
 - m. The Recipient shall request DEO's approval of a single source procurement if only one firm was considered and the contract exceeds \$35,000. The Recipient shall not enter into a contract to be paid with CDBG funds based on a sole source or single proposal procurement without prior written approval from DEO. Failure to secure prior written approval shall relieve DEO of any obligation to fund the said procurement contract or agreement. DEO shall disallow any payments to the Recipient to fund any contract or agreement based on a sole source or single proposal procurement for which the Recipient has not obtained DEO's approval; and
 - n. If a regional planning council or another local government is selected to administer subgrant activities, the Recipient shall submit only a copy of the contract or agreement and cost analysis information.

DEO will either approve the procurement or notify the Recipient that the procurement cannot be approved because it violates State, Federal, or local procurement guidelines.

The Recipient shall notify DEO in writing no later than 90 calendar days from the effective date of this agreement if it will not be procuring any professional services or if it will be using non-CDBG funds to pay for professional services.

- 12. Prior to the obligation or disbursement of any funds, except for administrative expenses for all subgrants other than Economic Development subgrants, not to exceed \$5,000, and for Economic Development Grants, not to exceed \$8,000, the Recipient shall complete the following:
 - a. Submit for DEO's approval the documentation required in paragraph 11 above for any professional services contract. The Recipient proceeds at its own risk if more than the specified amount is incurred before DEO approves the procurement. If DEO does not approve the procurement of a professional services contract, the local government will not be able to use CDBG funds for that contract beyond \$5,000 [\$8,000 for Economic Development].

- b. Comply with 24 C.F.R. part 58, and the regulations implementing the National Environmental Policy Act, 40 C.F.R. §§ 1500-1508. When the Recipient has completed the environmental review process, it shall submit a Request for Release of Funds and Certification. DEO will issue an Authority to Use Grant Funds (form HUD-7015.16) when this condition has been fulfilled to the satisfaction of DEO. The Recipient shall not commit funds or begin construction before DEO has issued the "Authority to Use Grant Funds."

 If the Recipient undertakes any activity subject to the URA, the Recipient shall document completion of the acquisition by submitting all documentation required for a desk monitoring of the acquisition, including a notice to property owners of his or her rights under the URA, an invitation to accompany the appraiser, all appraisals, offer to the owner, acceptance, contract for sale, statement of settlement costs, copy of deed, waiver of rights (for donations), as applicable. The documentation shall be submitted prior to completing the acquisition (closing) so that DEO can determine whether remedial action may be needed. The Recipient shall provide relocation assistance to displaced persons as defined by 24 C.F.R. § 570.606(b)(2), that are displaced as a direct result of acquisition, rehabilitation, demolition or conversion for a CDBG-assisted project.
- 15. For Neighborhood Revitalization, Commercial Revitalization and Economic Development projects, the Recipient shall, prior to being reimbursed for more than \$15,000 for administrative services, provide to DEO a copy of all engineering specifications and construction plans, if required, for the activities described in the Agreement. The Recipient shall also furnish DEO, prior to soliciting bids or proposals, a copy of bid documents for services and/or materials to provide those services and/or materials for construction activities when the bids are expected to exceed \$35,000. Additionally, the Recipient shall not publish any request for bids for construction purposes or distribute bid packages until DEO has provided its written acceptance of the engineering specifications, construction plans, and bid documents.

CITY OF QUINCY CITY COMMISSION AGENDA REQUEST

MEETING DATE: January 22, 2019

DATE OF REQUEST: January 17, 2019

TO: Honorable Mayor and Members of the City

Commission

FROM: Jack L. McLean Jr., Interim City Manager

Bernard O. Piawah, Building and Planning Director

SUBJECT: Update on the South Adams Street Sidewalk Project

Statement of Issue:

This agenda item is intended to update the City Commission on the South Adams Street sidewalk project.

South Adams Street Sidewalk Project:

About five years ago the City was successful in securing funding from the FDOT for the construction of a sidewalk on the western side of South Adams Street: from Clark Street to MLK Jr. Blvd. The project was funded for preliminary engineering work in 2019 (which is this year). The contract for engineering work on this project has been awarded to Consolidated Design Professionals, a Tallahassee based engineering firm.

South Adams Street is a County road and for that reason, it was the County that awarded the contract to Consolidated Design Professionals; the County will be administering the project pursuant to Federal guidelines for roadway projects involving federal funds.

The surveying work for the project has already begun and the engineering design will be completed within four to five months. The engineering design, upon completion, will be submitted to FDOT for approval; FDOT will subsequently bid it out for construction work which will likely commence in 2020 depending on how fast FDOT moves after the receipt of the engineering design. The lead engineer on this project, Mr. Cleve E. Dryden, promised to make available to City staff the draft design, when it is about 30 percent completed so that it can be presented to the City Commission and the public

The design of the sidewalk will include such features as landscaping as well as lighting along that side of the street. They will also show the design of the bridge across Tanyard Creek and the material with which it will be constructed. City staff indicated to the engineer that the City will prefer a steel bridge instead of a cheap wooden bridge that will not last. To be noted is the fact that the existing drainage swale along the western side of South Adams Street will be replaced with drainage pipes and on top of that will be constructed the side work. The drainage swale has a curvy feature to it; the design of the sidewalk will also follow the existing curves along the road. City staff stressed that the attractiveness of the sidewalk should be taken into consideration during the design as the community will prefer something that looks appealing and inviting to pedestrians. The sidewalk will be constructed entirely within the road right-of-way.

FROM: Jack L. McLean Jr., Interim City Manager

SUBJECT: Update on the Current 2019 SCOP Resurfacing Project for

Martin Luther King East from SR 267 to Adams Street

Update:

As of this writing, with the Engineer of Record and CEI being selected at the meeting in December, Dewberry Engineering has begun design on the project.

As per the schedule previously provided to FDOT to be placed in our SCOP agreement, design was not projected to begin until February 1st of this year. Design is scheduled to be complete by July 15th, 2019.

As of right now, the project is well ahead of schedule with 98% of all surveying being complete with project design having started.

At the time of a completed project design, plans and specifications must be submitted to FDOT for approval prior to the City placing the project out for bid. Regardless, we see this project remaining ahead of schedule and completed well ahead of the projected completion date of February 2nd of 2020.

No costs have been incurred to date.

Subject: Repairs Made to City Parks

<u>Issue:</u>

In our efforts to ensure the safety of our citizens, several City Parks have been repaired and maintained by Quincy Parks and Recreation Department (QPRD) over the past few weeks.

Keeping our parks and recreation facilities safe is a key to community wellness.

QPRD continues to work diligently in our efforts to provide safe and positive outlets for local citizens and children. We are focused on making available to our local residents a variety of activities, events, facilities and parks that promote fun and family involvement.

Analysis/Discussion:

In an effort to beautify our City Parks and Facilities in the communities and offer safe and positive outlets, QPRD Management and Staff have made the following repairs and/or improvements:
