CITY OF QUINCY CITY COMMISION AGENDA REQUEST

DATE OF MEETING: November 22, 2016

DATE SUBMITTED: November 15, 2016

TO: Honorable Mayor and Members of the City Commission

FROM: Mike Wade, City Manager

Bernard O. Piawah, Director, Building and Planning

SUBJECT: First Reading of Ordinance No. 1084-2016 Revising the

Alcohol Ordinance to Provide an Exception for

Restaurants and Convenience Stores from the Distance

Separation Requirement of Sec. 6-1(a)(5).

Statement of Issue:

The City is proposing to revise the alcohol ordinance to provide an exception for restaurants and convenience stores from the distance separation requirements of Sec. 6-1(a)(5) of the code which establishes a separation distance of 150 feet between lounges, convenience stores (selling alcohol beverage of any kind) or establishments selling any alcoholic beverage, except a bona fide restaurant located in the downtown district area, and special events when a permit has been approved and issued by the city commission. The proposed revision went through a workshop on October 25, 2016 during which staff was directed to bring back the ordinance for First Reading with the proposal to provide a exception to restaurants and convenience stores from the requirement for a distance separation between two places that sell alcoholic beverages. The City's staff is recommending that the City Commission approve the proposed change to the ordinance.

Background:

Ordinance 1084-2016 was initially presented to the City Commission for First Reading on October 11, 2016. The proposal for change in that version of the ordinance was very narrow and limited to an exception for an existing convenience store building along Pat Thomas and US 90 that meet certain criteria. The motion for that version of the ordinance passed with a condition that it be consistent with state law thereby suggesting that the entire Sec. 6-1(a)(5) of the code be deleted. Since the proposal to delete Sec. 6-1(a)(5) was not in the title that was advertised in the newspaper for hearing, the attorney indicated that a new title would have to be advertised for First Reading. During subsequent discussions at the meeting, a member of the Commission raised the point that it was unclear what the impact of deleting the entire Sec. 6-1(a)(5)m of the code would be and for that reason recommended that the proposal go

through a workshop. There was a consensus that a workshop, to further explore the matter, would be useful.

Thus, on October 25, 2016 a workshop was held and after a healthy discussion of the subject matter, Commissioners recommended that the ordinance be revised to provide an exception for restaurants and convenience stores from the distance separation requirements of Sec. 6-1(a)(5). The Ordinance for adoption today is consistent with that directive.

Proposed Change:

The City's staff is recommending that the following change be made to Paragraph (a)(5) of the code:

(5) No Lounge, convenience store (selling alcohol beverage of any kind) or establishment selling any alcoholic beverage shall operate (however see Section 8, Package Stores below) one hundred fifty feet of any other established, location in the city for which a license has been issued under the state beverage law, which distance shall be measured along the shortest straight line between the nearest point of the respective properties on which the places of business are located. except for bona fide restaurants located in the Downtown District Area and Notwithstanding the above, such distance separation shall not apply to bona fide restaurants, convenience stores and special events when a permit has been approved and issued by the City Commission.

OPTIONS:

Option 1: Approve Ordinance No. 1084-2016 on First Reading providing an exception to restaurants and convenience stores from the distance separation requirement of Sec.6-1(a)(5) of the alcohol ordinance.

Option 2: Do not approve the proposed Ordinance on First Reading.

CITY OF QUINCY

CITY COMMISION AGENDA REQUEST

DATE OF MEETING: October 11, 2016

DATE SUBMITTED: October 5, 2016

TO: Honorable Mayor and Members of the City Commission

FROM: Mike Wade, Manager, City of Quincy

Bernard O. Piawah, Director, Building and Planning

SUBJECT: First Reading of Ordinance No. 1084-2016 Pertaining to

Alcoholic Beverage Distance Separation

Statement of Issue:

The City is proposing to make a small change to the alcohol ordinance with respect to the distance separation between places that sell alcoholic beverages along the city's major commercial corridors (U.S. Highway 90 and State Road 267). The proposed change to the code will provide an exception to existing convenience store buildings along these corridors to reopen where alcohol was once sold. The impetus for this change came from Commission members during the meeting of July 26, 2016 whereby staff was directed to revisit the alcohol ordinance with respect to the distance separation between the places that sell alcoholic beverages because such reassessment could enable certain currently vacant convenience store buildings along our major commercial corridors to reopen which will help enhance the City's tax base. Subsequently, a draft language of the proposed change was discussed in a public workshop on August 23, 2016 after which it was taken to the Planning and Development Review Board (PDRB) for review. The PDRB met on September 20, 2016, during which they recommended approval of the proposed change. The City's staff is equally recommending that the City Commission approve the proposed change to the ordinance. See attached the draft ordinance and PDRB minutes.

Background:

The City's code disallows the sale of alcoholic beverages except in identified zoning districts along the City's major commercial corridors: U.S. Highway 90 and State Road 267, as well as along Crawford Street. Specifically, the code stated in Section 6-1 (a)(5) that no lounge, convenience store or establishment selling any alcoholic beverage shall operate within a one hundred fifty feet of any other established location in the city for which a license has been issued under the state beverage law for the

sale of alcoholic beverages except for-bona fide restaurants located in the Downtown District Area and special events when a permit has been approved and issued by the City Commission. Based on Section 6-1 (a)(5), a vacant convenience store location, for example, that once sold alcoholic beverages cannot reopen with the sale of alcoholic beverages if another place that sells alcohol has already opened within 150 feet of that vacant convenience store location.

This City would like to modify the code to provide an exception that would enable existing vacant convenience store buildings along US 90 and SR 267 that once sold alcoholic beverages to reopen. The advantage of this modification of the code is that it will promote the full economic utilization of the vacant convenience store buildings along the City's two major commercial corridors; the resultant effect of which is more jobs for the people of Quincy and a boost to the City's tax base and economy.

Suggested Change:

The City's staff is recommending that the following language be added to Paragraph (a)(5) of the code:

"No Lounge, convenience store (selling alcohol beverage of any kind) or establishment selling any alcoholic beverage shall operate (however see Section 8, Package Stores below) one hundred fifty feet of any other established, location in the city for which a license has been issued under the state beverage law, which distance shall be measured along the shortest straight line between the nearest point of the respective properties on which the places of business are located, except for-bona fide restaurants located in the Downtown District Area and special events when a permit has been approved and issued by the City Commission. The distance separation required in this paragraph shall not apply to the proposal to reopen the sale of alcoholic beverages (excluding a package store) in an existing building, located on lands zoned C-1 or C-2 along the U.S Highway 90 and State Road 267 corridors in which the sale of alcoholic beverages once took place and the building has not been substantially altered for some other uses that did not involve the sale of alcohol. (Substantial alteration in this context is an alteration whose value did not exceed 50% of the value of the property)."

Option 1: Approve the proposed change to the alcohol ordinance.

Option 2: Do not approve the proposed change to the alcohol ordinance.

3. Review of Proposed Changes to the Alcohol Ordinance

Mr. Piawah addressed the Board and stated that the City Commission met to review the proposed revision to the alcohol ordinance and directed staff to bring it back in ordinance form after review by the Planning and Development Review Board. He mentioned that the City Commission had directed staff during the meeting of July 26, 2016 do an assessment of the ordinance with respect to the distance separation between the places that sell alcoholic beverages along the major commercial corridors. This reassessment would enable currently vacant convenient store building along our major corridors; U.S. Highway 90 and State Road 267 that once sold alcoholic beverages to reopen, which will help enhance the City's tax base. The City's staff has reevaluated the ordinance as directed and has come up with some changes that could be made to the code to address the issue.

Mrs. Francis Kelley and Mr. JR Kelley were present and Mr. Kelley addressed the Board informing the Board for their reason for addressing this issue. He stated that his parents bought the property and built the Convenience store and it has always been a convenience store for about fifty years. In 1977, they

sold the business to a family, and without their knowledge, the location was sub-leased to a tenant and he went across the street and opened another store called "Golden Falcoln", at which time the Beer and the person allowed the beer and wine License to lapse (again without their knowledge). Mr. Francis indicated that they now have a new tenant that has invested more than seventy thousand dollars into the building for repairs and wants to reopen as a convenience store; they added that without the Beer and Wine license, the business would not survive. He further stated that they were going

to request for a variance but found out that they could not do so because the variance provisions of the code does not apply to situations like this. They also added that that they have talked the merchants in the area and they were in agreement with them re-opening as a convenience store.

Mr. Piawah informed the Board of their options:

Option 1: Recommend approval of the proposed change to the code

Option 2: Do not recommend approval of the proposed change to the code.

After further discussion, the Chairman asked for a motion and recommendation.

Ms. Denis Hannah made a motion to accept Option 1 to approve the proposed change to the code the motion was properly seconded by Mr. Willie Reeves and the motion passed. The ayes were unanimous.

SUBJECT: First Reading of Ordinance No. 1083-2016: Zoning Map

Change

Statement of Issue:

This agenda item involves the proposal to make small changes to the City's zoning atlas. The proposed changes involve 11 small parcels that were purchased with Florida Communities Trust fund in order to implement the Tanyard Creek Preservation Park and Management Plan. Under the conditions of the grant and the management plan, these parcels are required to be changed to Conservation overlay in order to ensure the protection of the area while allowing some passive recreation activities in the area. The City is proposing to assign the designation of Conversation Overlay to these parcels as required by the Management Plan. The PDRB met on September 20, 2016 to review the proposed zoning changes and they voted to recommend its approval. The City's staff is equally recommending that the City Commission approve the proposed changes to the Zoning Map. See attached the draft ordinance, PDRB minutes, and location maps.

Summary of the Proposed Zoning Change:

The parcels are scattered along Tanyard Creek on the southwest of the City in the vicinity of Stewart Street, Key Street, and 8th Street as shown in the attached maps and they range in size from 0.14 acres to 1.5 acres for a total of approximately 4.5 acres (see Table 1 below).

3. Review of Proposed Changes to the Alcohol Ordinance

Mr. Piawah addressed the Board and stated that the City Commission met to review the proposed revision to the alcohol ordinance and directed staff to bring it back in ordinance form after review by the Planning and Development Review Board. He mentioned that the City Commission had directed staff during the meeting of July 26, 2016 do an assessment of the ordinance with respect to the distance separation between the places that sell alcoholic beverages along the major commercial corridors. This reassessment would enable currently vacant convenient store building along our major corridors; U.S. Highway 90 and State Road 267 that once sold alcoholic beverages to reopen, which will help enhance the City's tax base. The City's staff has reevaluated the ordinance as directed and has come up with some changes that could be made to the code to address the issue.

Mrs. Francis Kelley and Mr. JR Kelley were present and Mr. Kelley addressed the Board. He stated that his parents bought the property and built the Convenience store and it has always been a convenience store for about fifty years. In 1977, they sold the business to a family, and without their knowledge, the location was sub-leased to a tenant and he went across the street and opened another store called "Golden Falcon", at which time the person allowed the beer and wine License to lapse (again without their knowledge). Mr. Kelley indicated that they now have a new tenant that has invested more than seventy thousand dollars into the building for repairs and wants to reopen as a convenience store; they added that without the Beer and Wine license, the business would not survive. He further stated that they were going to request for a variance but found out that they could not do so because the variance provisions of the code does not apply to situations like this. They also added that that they have talked the merchants in the area and they were in agreement with them re-opening as a convenience store.

Mr. Piawah informed the Board of their options:

Option 1: Recommend approval of the proposed change to the code

Option 2: Do not recommend approval of the proposed change to the code.

After further discussion, the Chairman asked for a motion and recommendation.

Ms. Denis Hannah made a motion to accept Option 1 to approve the proposed change to the code the motion was properly seconded by Mr. Willie Reeves and the motion passed. The ayes were unanimous.

Ms. Hannah stated that the Board needed a permanent Chair and new members and Mr. Piawah Indicated that he agrees and will do something about that.

Mr. Young asked for a motion to adjourn; there was a motion to adjourn and was properly seconded by Mr. Willie Reeves. The meeting adjourned.

CITY OF QUINCY CITY COMMISSION AGENDA REQUEST

Date of Meeting: November 22, 2016

Date Submitted: November 18, 2016

To: Honorable Mayor and Members of the City Commission

From: Mike Wade, City Manager

Scott Shirley, City Attorney

Subject: Police and Firefighter Pension Plan

First Reading of Ordinance 1086-2016

STATEMENT OF ISSUE:

1. **Proposed Ordinance 1086-2016**. The City of Quincy adopted a Retirement Plan for Police Officers and Firefighters ("Plan"), codified at Chapter 54, Article III, of the Code of Ordinances, maintained in accordance with FS Chapters 175 and 185, which statutes were amended in 2015. The attached ordinance (i) will allow the Plan to remain in compliance with FS Chapters 175 and 185, as needed for the Plan to continue to be eligible for funding with insurance premium tax dollars; (ii) has been approved by the Plan Board of Trustees; and, (iii) will not affect the City's funding obligations. The Plan actuary reviewed the proposed ordinance and confirmed its lack of actuarial impact. It is recommended that the City adopt this ordinance to the Retirement Plan for Police Officers and Firefighters.

Lowell Walters, Esq., the City's counsel on pension matters who authored the initial draft of Proposed Ordinance 1086-2016, creating Section 54-65 ("Share Plan Benefit"), advises that a "share plan" is a set of individual accounts within a defined benefit plan that is generally used as a mechanism for sharing a portion of insurance premium tax revenues with participants. Each Eligible Employee receives a "share" of the excess insurance premium tax dollars. The City is required to establish such accounts, within the Plan or as a separate plan, and to set the funding level. The proposed ordinance sets the funding level at zero. It is expected that this level may only change pursuant to a future amendment.

Accompanying the proposed ordinance is an "actuarial impact letter," as required when a change to the Plan is made which might have an impact on the assumptions for

determining funding requirements. The Plan actuary, Mr. Douglas Lozen, reviewed the proposed ordinance and determined that the Ordinance will have no impact on the assumptions used in determining the funding requirements of the program.

CONCLUSION:

1. **Proposed Ordinance 1086-2016**. It is recommend that the City Commission approve Ordinance 1086 -2016 (Exhibit "A") on first reading and authorize the ordinance to be brought back to the City Commission for second reading at an advertised public hearing.

Re: City of Quincy

Municipal Police Officers' and Firefighters' Retirement Plan

Dear Victor:

As requested, we have reviewed a proposed ordinance amending the Plan to create a Share Plan. It is our opinion that adoption of the Ordinance will have no impact on the assumptions used in determining the funding requirements of the program.

Because the changes do not result in a change in the valuation results, it is our opinion that a formal Actuarial Impact Statement is not required in support of its adoption. However, since the Division of Retirement must be aware of the current provisions of all public pension programs, it is recommended that you send a copy of this letter and a copy of the fully executed Ordinance to each of the following offices:

Mr. Keith Brinkman Bureau of Local Retirement Systems Division of Retirement P. O. Box 9000 Tallahassee, FL 32315-9000 Ms. Sarah Carr Municipal Police and Fire Pension Trust Funds Division of Retirement P.O. Box 3010 Tallahassee, FL 32315-3010

CITY OF QUINCY CITY COMMISION AGENDA REQUEST

DATE OF MEETING: November 22, 2016

DATE SUBMITTED: November 17, 2016

TO: Honorable Mayor and Members of the City Commission

FROM: Mike Wade, City Manager

Scott Shirley, City Attorney

SUBJECT: Resolution Number 1350-2016 - Amended and Restated

Contract between the City of Quincy and the Municipal Gas

Authority of Georgia

Statement of Issue:

This agenda item seeks Commission approval and the Mayor's signature for Resolution 1350-2016 for the Amended and Restated Contract between the City of Quincy and the Municipal Gas Authority of Georgia.

Background:

The Municipal Gas Authority of Georgia (MGAG) is a joint action agency that functions as an extension of its members to aggregate their natural gas supply, transportation and management needs and to provide related services to achieve lower costs and higher benefits to its members. Members share the risks and rewards with one of the benefits being long term purchases at below market prices. Quincy entered into the first contract with MGAG in 1991 with a 25 year term. The contract was amended in 2002 (First Amendment) for the Gas Portfolio III Project and extended the term from Dec. 31, 2015 to December 31, 2025. The contract was extended again in 2008 (Second Amendment) which extended the term until December 31, 2040. In 2014 Quincy entered into an Indemnity Share Supplemental Contract to support bond issuance as part of the Portfolio IV long term gas supply purchase.

Proposed Changes:

The proposed Amended and Restated Contract is partially a result of litigation with one of the MGAG members, Smyrna, Tennessee, and will provide revisions to the members' Gas Supply Contracts to minimize the impact of any dispute by an individual

member. The proposed changes are that the Amended and Restated Contract clarifies the venue as Fulton County, Georgia; refines the choice of law provision to make clear the State of Georgia law applies; adds an alternative dispute resolution (mediation and arbitration); adds a provision for limitation on liability; adds a disclaimer of fiduciary status; adds a disclaimer of responsibility to indemnify; adds commodity price hedging as an elective member service; creates two advisory board positions for Non-Georgia Members and specifies how they are selected; extends the contract term to 2050.

This appears to be a reasonable arrangement for the City to support and staff recommends approving the Amended and Restated Gas Contract.

OPTIONS:

Option 1: Motion to approve Resolution 1350-2016 and the Amended and Restated

Contract between the City of Quincy and the Municipal Gas Authority of Georgia and authorize the mayor to sign the resolution and the

agreement.

Option 2: Motion to not approve resolution 1350-2016.

RESOLUTION NO. 1350-2016

APPROVING THE AMENDED AND RESTATED GAS SUPPLY CONTRACT, BETWEEN CITY OF QUINCY, FLORIDA AND MUNICIPAL GAS AUTHORITY OF GEORGIA AND AUTHORIZING THE EXECUTION, DELIVERY AND PERFORMANCE OF THE AMENDED AND RESTATED GAS SUPPLY CONTRACT, AND FOR OTHER PURPOSES.

WHEREAS, the 1987 Session of the General Assembly of the State of Georgia adopted the Municipal Gas Authority of Georgia Act (Ga. Laws 1987, p. 745 *et seq.* (*codified* at O.C.G.A. Sections 46-4-80 through 46-4-125)), as amended (the "Act"), creating the Municipal Gas Authority of Georgia (the "Gas Authority"), providing for its organization and purposes and authorizing it to contract with certain municipalities and other political subdivisions for the provision of an adequate and dependable wholesale supply of gas to meet the needs of the gas distribution systems of such political subdivisions; and

WHEREAS, City of Quincy, Florida (the "Member") has heretofore entered into a certain Gas Supply Contract, as amended (the "Gas Supply Contract"), with the Gas Authority providing for the Gas Authority's obligation to furnish the Member with its gas supply requirements and for the Member's obligation to pay for such gas supplies; and

WHEREAS, the Gas Authority functions as a governmental joint action agency operating on a nonprofit basis solely for the benefit of its Members and effectively as an extension and instrumentality of its Members, aggregating their natural gas supply, management and transportation needs for economies of scale and leveraging their human and financial resources for efficiency, resulting in lower costs and higher benefits to the Members than if each acted individually or in smaller groups; and

WHEREAS, the Members control the Gas Authority and its policies through the Board of the Gas Authority, which is composed of Member representatives, and through the Gas Supply Contracts, including the hereinafter defined Amended Contract, and the Members intend to collectively share allocable portions of all risks and rewards of the Gas Authority's operations pursuant to such contracts, and the Amended Contract will necessarily be relied upon by the other Members due, among other things, to the interrelated nature of the Gas Supply Contracts and the relationships among the Gas Authority and the Members effected thereby; and

WHEREAS, the Gas Authority has presented, and the Members have commented on, discussed, studied and reviewed their opportunity to enter into an Amended and Restated Gas Supply Contract (the "Amended Contract"), amending and restating the Gas Supply Contract;

NOW, THEREFORE, be it resolved by the governing body of the Member in meeting duly assembled, and it is hereby resolved by authority thereof, as follows:

Section 1. The Member hereby finds and determines that it is in its best interest to contract with the Gas Authority pursuant to the terms of the Amended Contract, and the Member hereby declares, in accordance with the Act, its intention to so contract with the Gas Authority for the purchase of its gas supply.

Section 2. The Member hereby approves and authorizes the execution and delivery of the Amended Contract, in substantially the form of the draft of the Amended Contract, attached to this Resolution as Exhibit "A," and hereby incorporated herein by reference, subject to such changes, additions and deletions made in the Mayor's discretion, with advice of counsel. The Amended Contract shall be executed by the Mayor, attested by the Clerk, and shall have the Member's seal affixed thereto, and shall be delivered to the Gas Authority, and when so executed and delivered, shall be binding upon the Member in accordance with its terms. Execution of the Amended Contract as authorized herein shall be conclusive evidence of the Member's approval thereof.

Section 3. The Mayor is hereby authorized to execute and deliver all such additional agreements, certificates, documents and other instruments reasonably required or desirable to complete the transactions contemplated by the Amended Contract, including but not limited to any necessary actions respecting the validation of the Amended Contract through the bond validation process.

Section 4. In the adoption of this Resolution, the Member hereby recognizes that this action will be relied upon by other municipalities that own and operate gas distribution systems and that adopt similar resolutions in furtherance of the organization of the Gas Authority under the Act, and that the Member is also relying upon the adoption of such Resolutions by such other municipalities.

Section 5. All resolutions or parts of resolutions in conflict herewith are hereby repealed.

WHEREAS, the Authority functions as a governmental joint action agency operating on a nonprofit basis solely for the benefit of its Members (including Georgia Members and Non-Georgia Members) and effectively as an extension and instrumentality of its Members, aggregating their natural gas supply, management and transportation needs for economies of scale and leveraging their human and financial resources for efficiency, resulting in lower costs and higher benefits to the Members than if each acted individually or in smaller groups; and

WHEREAS, the Members control the Authority and its policies through the Board of the Authority, which is composed of Member representatives, and through the Gas Supply Contracts, including this contract, and the Members intend to collectively share allocable portions of all risks and rewards of the Authority's operations pursuant to such contracts, and this contract will necessarily be relied upon by the other Members due, among other things, to the interrelated nature of the Gas Supply Contracts and the relationships among the Authority and the Members effected thereby; and

NOW THEREFORE:

FOR and in consideration of the premises and the mutual covenants and agreements herein contained, the parties hereby agree as follows:

ARTICLE I

TERM AND DEFINITIONS

Section 101. Term.

This contract is dated as of November 22, 2016, will be for a term of approximately thirty-five (35) years beginning on such date and continuing through December 31, 2050, and will constitute a binding obligation of the parties from and after its execution by the last party to execute the same; provided, that on December 31, 2020 and on each successive fifth anniversary thereafter through December 31, 2045 (an "Option Date") the Non-Georgia Member may elect Resigning Member Status under this contract by providing written notice of such election to the Authority no later than the close of business on December 31 of the year next preceding the applicable Option Date, or if such December 31 is not a day on which the Authority is open for business, then on the next preceding day on which the Authority is open for business provided, further, that the Non-Georgia Member may elect Resigning Member Status as provided in any Supplemental Contract. Should the Non-Georgia Member elect Resigning Member Status under this contract to apply after an Option Date, the Authority and the Non-Georgia Member will not be responsible for the performance of the obligations of Articles II (other than Sections 207, 209 and 210), III and IV of this contract not previously accrued, and the Non-Georgia Member will not be responsible for charges under Section 501 hereof accruing after the Option Date; nevertheless, both parties will be bound to continue to pay or perform any other obligation contracted prior to such Option Date but not fully paid or performed, including, without limiting the generality of the foregoing, any obligation undertaken with respect to a Project pursuant to a Supplemental Contract entered into by the Authority and the Non-Georgia Member, any obligations with respect to billings of Development Costs to which the Non-Georgia Member has consented, and any obligation of the Non-Georgia Member with respect to Authorized Debt (including all renewals, extensions, replacements and refundings thereof). Should a Member having Resigning Member Status receive any services provided by the Authority, the Authority will make a special charge therefor on the basis of its costs for the provision of that service.

ADMINISTRATION OF EXISTING CONTRACTS

Section 301. Existing Contracts.

The Non-Georgia Member hereby identifies on Exhibit "A" hereto all of its Existing Contracts now in effect. The Non-Georgia Member will promptly submit to the Authority true and correct copies of any further Existing Contracts.

Section 302. Appointment of Authority as Agent.

The Non-Georgia Member hereby appoints the Authority its agent for the administration of each Existing Contract for and during the remainder of its respective term, or until such Existing Contract is sooner cancelled by the Non-Georgia Member. The Authority hereby accepts such appointment as agent for the administration of each Existing Contract. As agent, the Authority will take all action required of the Non-Georgia Member under each Existing Contract, and will deal with the other contracting party on behalf of the Non-Georgia Member. The Non-Georgia Member will execute such powers of attorney or other documents as may be required to enable the Authority to carry out its duties under this Article III. It is specifically agreed and understood that this appointment creates a principal-agent relationship, and is not intended to constitute an assignment or assumption of such Existing Contract, and nothing contained herein is intended to violate any provision of such contracts, and in the event of a conflict between such Existing Contract and this contract, the provisions of the Existing Contract will prevail.

Section 303. Costs Relating to Existing Contracts.

The Non-Georgia Member and the Authority agree that the legal, engineering, administrative and general and other similar costs associated with the Authority's administration of each Existing Contract will be included in the Annual Authority Budget. The Cost of Gas Supplies purchased under the Existing Contracts of the Non-Georgia Member, determined as provided in Section 503 hereof, will be billed through to the Non-Georgia Member by the Authority as actually incurred.

Section 304. Excess Existing Contract Gas Supplies.

The Non-Georgia Member and the Authority recognize that from time to time there may be Existing Contract Gas Supplies which are in excess of the needs of the Non-Georgia Member, and the Non-Georgia Member hereby authorizes the Authority to sell or otherwise dispose of such excess to the extent practicable in accordance with said Existing Contract, for the Non-Georgia Member's account.

ARTICLE IV

AUTHORITY GAS SUPPLIES

Section 401. Authority Gas.

The Authority and the Non-Georgia Member recognize that from time to time the Non-Georgia Member may have Gas Supply Requirements which are in addition to the amounts of gas supplies taken by the Non-Georgia Member under its Existing Contract or Contracts. The Authority will use its best efforts to obtain economical Authority Gas Supplies to satisfy such additional Gas Supply Requirements for delivery to the Non-Georgia Member. The Non-Georgia Member agrees to take or pay for its Gas Supply Requirements, over Existing Contract Gas Supplies, from Authority Gas Supplies. In obtaining and delivering Authority Gas Supplies, the Authority may act as principal, but is also hereby appointed as agent for the Non-Georgia Member when such agency is required for regulatory reasons, or is more expeditious.

Section 402. Costs of Purchased Gas Supplies.

The Non-Georgia Member and the Authority agree that the legal, engineering, administrative and general and other similar costs associated with the purchase and delivery of Purchased Gas Supplies to the Members will be included in the Annual Authority Budget. The Cost of Purchased Gas Supplies contained in the Purchased Gas Cost Projections will be recovered as provided in Section 503 hereof.

Section 403. Costs of Project Gas Supplies.

The cost of Project Gas Supplies contained in Project Cost Projections will be recovered as provided in Section 503 hereof.

Section 404. Excess Authority Gas Supplies.

The Authority will be authorized to sell or otherwise dispose of Authority Gas Supplies to persons not a Member of the Authority to the extent such Authority Gas Supplies will be deemed excess by the Authority.

Section 405. Classes of Service.

The Authority may from time to time establish classes of Authority Gas Supply Services, including without limitation, firm service, off-peak firm service, interruptible service, peaking service, storage service and transportation service.

ARTICLE V

CHARGES AND BILLINGS TO THE NON-GEORGIA MEMBER

Section 501. Amounts in the Annual Authority Budget.

The Non-Georgia Member and the Authority agree that the amounts provided for in the Annual Authority Budget will be paid by the Members on the following basis: (a) one-half of the total costs included in the Annual Authority Budget for each month of the Gas Supply Year will be allocated among the Members such that each Member is allocated a fraction of such costs the numerator of which is the total retail meters of such Member and the denominator of which is the total retail meters of all Members of the Authority, and (b) the remainder of the costs included in the Annual Authority Budget for such month will be allocated among the Members such that each Member is allocated a fraction of such costs the numerator of which is the total MMBtu of Gas Supplies delivered to such Member during such month and the denominator of which is the total MMBtu of Gas Supplies delivered to all Members of the Authority during such month.

The foregoing method of allocating the amounts in the Annual Authority Budget may be changed by the Board of the Authority to some other method for fully allocating such amounts to the Non-Georgia Members. Any such change must be approved by a vote of at least two-thirds of the Members of the Board of the Authority voting on the issue. The Authority will prepare and submit to the Non-Georgia Member any proposal to change the said allocation method at least ninety (90) days prior to the proposed effective date of such change. The Non-Georgia Member may then submit to the Authority any matters or suggestions relating to the proposal that the Non-Georgia Member may care to present. The Authority will then proceed with the consideration of the proposal not more than forty-five (45) days prior to the proposed effective date of the proposal and will cause copies of any adopted change to be delivered to the Non-Georgia Member.

Section 502. Amounts in any Development Cost Budget.

The costs provided for in a Development Cost Budget will be paid by the Members for whom the Development Cost Budget has been prepared on the basis of the method referred to in Paragraph (c) of Section 206 hereof. Such costs allocable to the Non-Georgia Member under any Development Cost Budget will be billed to the Non-Georgia Member following the month during which such costs are incurred by the Authority unless such costs have been annualized, in which event the monthly portion will be billed.

Section 503. Charges for Authority Gas Supply Services.

The Authority will establish rates for each class of Authority Gas Supply Services to Non-Georgia Members in the form of a fair and non-discriminatory pricing mechanism, designed to recover all of the Authority's costs for such services, and maintaining to the extent practicable relative comparative pricing of the particular services in a manner consistent with the relative pricing of similar services offered by other suppliers in the natural gas industry. Rates applicable to Non-Georgia Members may be different than rates applicable to Georgia Members. The Authority's rates may contain demand and commodity components. The rates for each service applicable to a Member will reflect the costs of the particular service and the results of applicable Projects. Any excess of annual revenues received under a rate over the costs associated with such rate for such annual period, after making provision for any applicable rate stabilization or reserve funds established by the Authority from time to time, will be credited on a fair and equitable basis (provided that such basis may distinguish between Georgia Members and Non-Georgia Members) to the Members (excepting only Members with Non-True-up Member Status) to which that rate is applicable. Should a deficiency in revenues available to pay costs associated with a particular rate exist, the Authority may assess reasonable additional charges against Members who have received services charged under that rate during the deficiency period according to such methodology and within such limitations as the Authority may establish from time to time.

The Authority will prepare and submit to the Non-Georgia Member the proposed pricing mechanism at least ninety (90) days prior to the beginning of each Gas Supply Year. The Non-Georgia Member may then submit to the Authority, at any time until such pricing mechanism is adopted, any matters or suggestions relating to such pricing mechanism that the Non-Georgia Member may care to present. The Authority will proceed with the consideration and adoption of such pricing mechanism not less than thirty (30) nor more than forty-five (45) days prior to the beginning of the Gas Supply Year and will cause copies of such adopted pricing mechanisms to be delivered to the Non-Georgia Member.

Unless a pricing mechanism adopted should provide otherwise, as required from time to time during any Gas Supply Year, after thirty (30) days' notice to the Non-Georgia Member, the Authority may adopt any new or amended pricing mechanism applicable for current Gas Supply Year.

Section 504. Monthly Billing Statements.

The Authority will bill the Non-Georgia Member each month during each Gas Supply Year by providing the Non-Georgia Member with a Monthly Billing Statement for such month which will include (a) the amounts included in the Annual Authority Budget and allocated to the Non-Georgia Member under Section 501, (b) amounts due for purchases under the Non-Georgia Member's Existing Contract, (c) amounts due for Authority Gas Supply Services, and (d) any amounts included in any Development Cost Budget and allocated to the Non-Georgia Member under Section 502. Such Monthly Billing Statements

may be billed in part more frequently than monthly. Each such billing will be paid by the Non-Georgia Member on or before the 10th day from the date of such bill. Amounts due and not paid by the Non-Georgia Member on or before such date will bear an additional charge of one and one-half percent (1-1/2%) per month until the amount due is paid in full.

Section 505. Adjustment of Billing.

At the end of each Gas Supply Year, the Authority will determine if the aggregate amount paid by the Non-Georgia Member under Sections 501, 502 and 503 hereof, to provide recovery of all the Authority's costs and budgeted amounts during such Gas Supply Year was in the proper amount. Upon the making of such determination, any amount found to have been paid by the Non-Georgia Member under Section 503 hereof in excess of the amount which should have been paid by the Non-Georgia Member will be treated as provided in Section 503 hereof. Any amount found to have been paid by the Non-Georgia Member under Section 501 or 502 hereof in excess of the amount which should have been paid by the Non-Georgia Member will, in the discretion of the Authority, in whole or in part, be credited on the Monthly Billing Statements to the Non-Georgia Member for the remaining month or months of the Gas Supply Year next succeeding the Gas Supply Year for which such adjustment was determined to have been necessary.

If any deficiency is found to exist in the amount which should have been paid by the Non-Georgia Member, ten percent (10%) of such amount will be added to each of the next ten Monthly Billing Statements. In the event that the failure of a Member to pay its share of annual costs in accordance with this contract will have resulted in the application of amounts in any reserve or working fund to the payment of costs payable from such reserve or working fund and the other Members will have made up the deficiency created by such application or paid additional amounts into such reserve or working fund, amounts thereafter paid to the Authority by such nonpaying Member for application to such past due payments will be credited on the Monthly Billing Statements of such other Members in the next month or months as will be appropriate.

Section 506. Disputed Monthly Billing Statement.

In case any portion of any Monthly Billing Statement received by the Non-Georgia Member from the Authority will be in bona fide dispute, the Non-Georgia Member will pay the Authority the full amount of such Monthly Billing Statement, and, upon determination of the correct amount, the difference between such correct amount and such full amount, if any, will be credited to the Non-Georgia Member by the Authority after such determination. In the event such Monthly Billing Statement is in dispute, the Authority will give consideration to such dispute and will advise the Non-Georgia Member with regard to the Authority's position relative thereto within thirty (30) days following written notification by the Non-Georgia Member of such dispute.

Section 507. Payment as Operating Expense.

The Non-Georgia Member and the Authority agree that the amounts payable by the Non-Georgia Member under this contract will be paid by the Non-Georgia Member as a cost of Gas Supplies or otherwise as an expense of operation and maintenance of the Non-Georgia Member's gas system.

Section 508. Costs related to Supplemental Contracts.

The Non-Georgia Member and the Authority agree that an estimate of the legal, engineering, administrative and general and other similar costs associated with the Authority's administration of Supplemental Contracts will be included in the applicable Project Cost Projections.

Section 509. Rate Covenant.

The Non-Georgia Member will establish, maintain and collect rates and charges for the gas service of its gas system so as to provide revenues sufficient, together with available gas system reserves, to enable the Non-Georgia Member to pay: (a) all amounts payable to the Authority by such Non-Georgia Member under this contract, including without limitation payments of Costs of Gas Supplies provided to the Non-Georgia Member and the costs allocated to the Non-Georgia Member under the Annual Authority Budget and any applicable Developmental Cost Budget or Project Cost Projection, and (b) all other lawful charges against or liens on, the revenues of such Non-Georgia Member's gas system.

Section 510. Sources of Non-Georgia Member's Payments.

The Non-Georgia Member shall be obligated to make payments to the Authority under this contract and any Supplemental Contract first from the gross revenues of the gas system of the Non-Georgia Member and second from any and all other general funds of the Non-Georgia Member legally available for such purpose. The obligation to pay amounts hereunder from the gross revenues of the gas system of the Non-Georgia Member shall constitute a cost of Gas Supplies and otherwise an operating and maintenance cost of the Non-Georgia Member and shall be payable prior to any other lien or charge on such revenues, including without limiting the generality of the foregoing any lien or charge on such revenues pledged for indebtedness of the Non-Georgia Member.

Section 511. [RESERVED]

Section 512. Payment Obligations

The obligation of the Non-Georgia Member to pay promptly its monthly Billing Statement submitted by the Authority to such Non-Georgia Member in accordance with the provisions of Section 504 hereof is for the benefit of, among others, the owners of the Bonds and will be absolute and unconditional and will not be subject to any defense or any right of setoff, counterclaim or recoupment arising out of any breach by the Authority of any obligation to any Member or the breach by any Member of any obligation to the Authority or to any other Member, whether hereunder, under a Supplemental Contract or otherwise or any overpayment or underpayment by reason of miscalculation of the amount owed by any Member to the Authority or otherwise. Until such time as the principal of, redemption premium (if any) and interest on the Bonds will have been fully paid or provision for the payment thereof will have been made, no Member will suspend or discontinue any payments provided for herein for any cause, including, without limiting the generality of the foregoing, failure of the Authority to complete any Project, the occurrence of any acts or circumstances that may constitute failure of consideration, eviction or constructive eviction, destruction of or damage to any Project or any of the Authority's facilities, the taking by eminent domain of title to or temporary use of all or any portion of any Project or of any of the Authority's facilities, commercial frustration of purpose, any change in the tax or other laws of the United States of America or the State of Georgia or of any political subdivision of either thereof or any failure of any party to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or in connection with this contract, a Supplemental Contract or otherwise.

Section 513. Policy for Rate Stabilization or Reserve Fund.

The Authority will prepare and submit to the Non-Georgia Member a written policy describing any proposed rate stabilization or reserve fund at least ninety (90) days prior to its proposed effective date, and the Non-Georgia Member may then submit to the Authority, at any time until such policy is adopted, any matters that the Non-Georgia Member should care to present; the Authority will proceed with the consideration of such policy not more than forty-five (45) days prior to the proposed effective date and will cause copies of any such adopted policy to be furnished to the Non-Georgia Member.

ARTICLE VI

DEFAULT

Section 601. Event of Default.

Failure of the Non-Georgia Member to make to the Authority any of the payments for which provision is made in this contract or any Supplemental Contract will constitute a default on the part of the Non-Georgia Member.

Section 602. Continuing Obligation, Right to Discontinue Service.

In the event of any such default, the Non-Georgia Member will not be relieved of its liability for payment of the amounts in default, and the Authority will have the right to recover from the Non-Georgia Member any amount in default. In enforcement of any such right of recovery, the Authority may bring any suit, action, or proceeding in law or in equity, including mandamus and action for specific performance, as may be necessary or appropriate to enforce any covenant, agreement or obligation to make any payment for which provision is made in this contract or any Supplemental Contract against the Non-Georgia Member, and the Authority may, upon sixty (60) days' written notice to the Non-Georgia Member, cease and discontinue providing all or any portion of the Non-Georgia Member's Gas Supplies.

Section 603. Other Default by Non-Georgia Member.

In the event of a failure of the Non-Georgia Member to establish, maintain, or collect rates or charges adequate to provide revenue sufficient to enable the Non-Georgia Member to pay all amounts due to the Authority under this contract or any Supplemental Contract or in the event of a failure of the Non-Georgia Member to take from the Authority its Gas Supplies in accordance with the provisions of this contract, or in the event of any default by the Non-Georgia Member under any other covenant, agreement or obligation of this contract or any Supplemental Contract, the Authority will enforce any covenant, agreement, or obligation of this contract or any Supplemental Contract against the Non-Georgia Member by means of the process provided in Schedule 2 hereto, including required informal procedures, mediation and arbitration as escalating resolution steps.

Section 604. Default by Authority.

In the event of any default by the Authority under any covenant, agreement or obligation of this contract or any Supplemental Contract, the Non-Georgia Member will enforce any covenant, agreement, or obligation of this contract or any Supplemental Contract against the Authority by means of the process provided in Schedule 2 hereto, including required informal procedures, mediation and arbitration as escalating resolution steps.

Section 605. Abandonment of Remedy.

In case any proceeding taken on account of any default will have been discontinued or abandoned for any reason, the parties to such proceedings will be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers, and duties of the Authority and the Non-Georgia Member will continue as though no such proceedings had been taken.

ARTICLE VII

AUTHORIZATION FOR THE AUTHORITY TO INCUR DEBT

Section 701. Working Capital.

The Non-Georgia Member and the Authority agree that the working capital requirements of the Authority will be estimated by the Authority from time to time, and the Authority is specifically authorized hereby to incur debt for its working capital requirements to pay legal, engineering, administrative, general and other expenses; interest; operation expenses; planning and engineering expenses; and expenses and advances with respect to the purchase of Gas Supplies; provided, however, that debt incurred for working capital requirements consisting of Development Costs or Project Costs will be incurred pursuant to Sections 702 and 703, respectively, hereof. The principal of and interest on debt incurred under this Section will be included in appropriate Annual Authority Budgets to amortize such debt over such period of time as determined by the Authority during the term of this contract or any extension or renewal hereof.

Section 702. Development Costs.

The Non-Georgia Member and the Authority hereby agree that the Authority is specifically authorized hereby to incur debt to finance Development Costs on behalf of one or more Members. The principal of and interest on such debt will be included in a Development Cost Budget prepared for such Member or Members to amortize such debt over such period of time as determined by the Authority during the term of this contract or any extension or renewal hereof.

Section 703. Projects.

The Non-Georgia Member and the Authority agree that the Authority is authorized to enter into one or more Supplemental Contracts with one or more Members for the acquisition, purchase, construction, or improvement, of a Project or Projects, as the case may be, and that the Authority may issue debt to finance the costs of such Projects, provided only that no Member will be responsible for any portion of such Project Debt with respect to a Project or Projects unless such Member will have expressly undertaken an obligation with respect to such Project Debt in a Supplemental Contract with the Authority with respect to such Project Debt.

Section 704. Issuance of Authorized Debt.

The Authority is hereby authorized to incur debt from time to time, for the purposes set forth in Sections 701, 702 and 703 of this Article VII, upon satisfaction of the conditions set forth therein and in any Supplemental Contract relating thereto, in such amounts as determined by the Authority, in its sole discretion, to be prudent and reasonably required for such purposes.

Section 705. Pledge of Revenues.

The Non-Georgia Member acknowledges and agrees that the Authority may assign and pledge to any person to whom amounts are owing under Authorized Debt (a "secured party") its right, title and interest in and to all or any portion of the payments to be made to the Authority under the provisions of this contract and any Supplemental Contract as the Authority will deem appropriate, as security for the payment of such Authorized Debt, and upon such assignment and pledge the Authority may grant to such secured party any rights and remedies herein provided to the Authority.

ARTICLE VIII

MISCELLANEOUS GENERAL PROVISIONS

Section 801. Character and Continuity of Service.

The Authority will not be required to provide, or be liable for failure to provide, service under this contract or any Supplemental Contract when such failure or the cessation or curtailment of or interference with the service is caused by force majeure or, with respect to the services to be provided for Authority Gas Supplies, is caused by the failure or refusal of any other gas supplier to enter into reasonable contracts with the Authority or by the inability of the Authority to obtain any required governmental approvals to enable the Authority to acquire Authority Gas Supplies.

Section 802. Metering.

- (a) The Authority reserves the right to provide for installation of meters and will provide or cause to be provided all necessary metering equipment for determining the quantity and conditions of the supply of Gas Supplies delivered by the Authority under this contract or any Supplemental Contract; provided, however, that the Non-Georgia Member may at its own cost install additional metering equipment to provide a check on that of the Authority. The Non-Georgia Member will supply without cost to the Authority a suitable place for installing the Authority's metering equipment.
- (b) If any meter used for billing fails to register or is found to be inaccurate, the Authority will repair or replace such meter or cause it to be repaired or replaced, and an appropriate billing will be made to the Non-Georgia Member by the Authority based upon the best information available for the period, not exceeding sixty (60) days, during which no metering occurred. Any meter tested and found to be not more than two percent (2%) above or below normal will be considered accurate insofar as correction of billings is concerned. If, as a result of any test, a meter is found to register in excess of two percent (2%) above or below normal, then the reading of such meter previously taken for billing purposes will be corrected for the period during which it is established the meter was inaccurate, but no correction will be made for any period beyond sixty (60) days prior to the date on which an inaccuracy is discovered by such test.

- (c) In addition to such tests as are deemed necessary by the Authority, the Authority will have any meter tested at any time upon written request of the Non-Georgia Member and, if such meter proves accurate within two percent (2%) above or below normal, the expense of such test will be borne by the Non-Georgia Member.
- (d) The Authority will notify the Non-Georgia Member in advance of the time of any meter test so that a representative of the Non-Georgia Member may be present.

Section 803. Liability of Parties.

The Authority and the Non-Georgia Member will assume full responsibility and liability for the maintenance and operation of their respective properties and each will indemnify and save harmless the other from all liability and expense on account of any and all damages, claims, or actions, including injury to or death of persons arising from any act or accident in connection with the installation, presence, maintenance and operation of the property and equipment of the indemnifying party and not caused in whole or in part by the negligence of the other party; provided, that any liability which is incurred by the Authority and not covered, or not covered sufficiently, by insurance will be paid solely from the revenues of the Authority, and any payments made by the Authority to satisfy such liability will become part of the Annual Authority Budget. Neither party has any obligation to indemnify the other for fees, expenses or costs relating to a claim, dispute or controversy between the parties.

Section 804. Relationship between Parties.

- (a) No Fiduciary Relationship. The Non-Georgia Member acknowledges that the Authority is a joint action agency that represents multiple Members collectively and not the Non-Georgia Member individually, and that all of the Gas Supply Contracts are substantially similar and interrelated so as to effect the reasonable allocation of all costs and benefits of the Authority among the Non-Georgia Members. Accordingly, the Authority owes no fiduciary duty to any Non-Georgia Member except for any limited fiduciary relationship required by law resulting from the designation of the Authority as an agent for a particular purpose hereunder.
- (b) Limited Agency Relationship. Except to the extent a provision hereof expressly provides that the Authority will act as the Non-Georgia Member's agent for a particular purpose, the Authority is not the Non-Georgia Member's agent for any purpose.
- (c) Gratuitous Advice. If an Authority representative furnishes the Non-Georgia Member with advice or assistance about anything not required under this contract, the furnishing of that advice or assistance will not subject the Authority to any liability.

Section 805. Dispute Resolution.

To expedite the resolution of disputes and to control their costs, the parties agree that any claim, dispute, or controversy relating to or concerning this contract, any Supplemental Contract (notwithstanding anything therein to the contrary) or the parties' business relationship, whether in contract, tort, legal, equitable, statutory or otherwise (referred to as a "Claim") will be resolved as provided in Schedule 2 hereto, including required informal procedures, mediation and arbitration as escalating resolution steps.

Section 806. Limitation on Damages.

The parties hereby agree to the damages limitations set forth below, which are consistent with, and in furtherance of, the Authority's role as a nonprofit joint action agency acting as an instrumentality of its Members. The Non-Georgia Member intends to collectively share allocable portions of all risks and rewards of the Authority's operations with the other Members through the Gas Supply Contracts. The Non-Georgia Member acknowledges that, though its remedies and damages are limited in this contract, its ultimate recourse is participation in the development of Authority policies and practices through the Board and representation by the Board.

- LIMITATION ON CONSEQUENTIAL DAMAGES. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY UNDER THIS CONTRACT OR OTHERWISE FOR ANY LOSS OF PROFITS OR INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES OF ANY KIND (WHICH INCLUDES REMOTE OR SPECULATIVE DAMAGES), EVEN IF ADVISED OF THE POSSIBILITY OF **SUCH** DAMAGES, INCLUDING, **WITHOUT** LIMITATION, **CONSEQUENTIAL** DAMAGES ARISING FROM ANY OF THE FOLLOWING: LOSS OF PROFIT OR REVENUES, LOSS OF USE OF A FACILITY OR ANY ASSOCIATED EQUIPMENT, COST OF CAPITAL, COST OF SUBSTITUTE EQUIPMENT, FACILITIES SERVICES OR REPLACEMENT GAS, DOWNTIME, OR CLAIMS BY THE NON-GEORGIA MEMBER'S CUSTOMERS. IF ANY LIMITATION IN THIS PARAGRAPH IS LATER HELD TO BE UNENFORCEABLE, THAT LIMITATION IS SEVERABLE FROM THE REST. THE REST WILL REMAIN ENFORCEABLE.
- (B) LIMITATION ON DIRECT DAMAGES. THE AUTHORITY'S LIABILITY TO THE NON-GEORGIA MEMBER FOR ANY DAMAGES RESULTING FROM, ARISING OUT OF OR RELATING TO THIS CONTRACT OR THE RELATIONSHIP AMONG THE PARTIES, WHETHER BASED ON AN ACTION OR CLAIM IN CONTRACT, EQUITY, NEGLIGENCE, TORT OR OTHERWISE, WILL BE LIMITED TO ANY DIRECT DAMAGES RESULTING FROM THE GROSS NEGLIGENCE AND INTENTIONAL ACTS OF THE AUTHORITY ("DIRECT DAMAGES"); PROVIDED, HOWEVER, THAT THE AUTHORITY WILL BE LIABLE FOR SUCH DIRECT DAMAGES ONLY TO THE EXTENT THAT THE NON-GEORGIA MEMBER'S DIRECT DAMAGES ARE SUBSTANTIALLY DIFFERENT THAN THOSE INCURRED BY MOST OTHER MEMBERS THAT ARE TAKING THE RELEVANT SERVICE. FOR THE PURPOSES OF THIS SECTION, THE TERM "AUTHORITY" OR "THE NON-GEORGIA MEMBER" MEANS SUCH PARTY AND ITS AFFILIATES, EMPLOYEES, OFFICERS AND DIRECTORS.

- (C) DISPUTE PERIOD. NEITHER PARTY MAY INITIATE A CLAIM, DISPUTE OR CONTROVERSY AGAINST THE OTHER PARTY MORE THAN ONE YEAR AFTER THE DISPUTING PARTY HAS KNOWLEDGE OF THE OCCURRENCE OR NON-OCCURRENCE OF THE EVENT UNDERLYING THE CLAIM. IF THAT ONE-YEAR LIMITATIONS PERIOD IS LATER HELD TO BE UNENFORCEABLE FOR ANY PARTICULAR CLAIM, IT WILL NEVERTHELESS REMAIN ENFORCEABLE FOR ALL OTHER CLAIMS.
- (d) No Individual Responsibility. No stipulations, obligations or agreements provided for herein will be deemed to be stipulations, obligations or agreements of any officer of or member of the governing body of the Non-Georgia Member or the Gas Authority in their individual capacity.

Section 807. Additional Members.

The Authority is authorized to accept additional Members, including Non-Georgia Members, and to execute a Gas Supply Contract with such new Member or Members; provided, that any such new Member or Members may be required to pay an entry charge with respect to its membership in the Authority determined by the Board of the Authority and designed to protect the economic interests of the existing Members

Section 808. Other Terms and Conditions.

Service hereunder will be in accordance with such other terms and conditions as are established as part of the Authority's service rules and regulations, which will not be inconsistent with the provisions of this contract or any Supplemental Contract.

Section 809. Termination or Amendment of Contract.

Subject to the terms of any debt instrument relating to Authorized Debt, this contract may be amended by instrument in writing executed with the same formality as this contract; provided, however, if any such amendment is to be made to less than all of the Gas Supply Contracts of the Members, at least thirty (30) days advance notice will be given by the Authority to all Members of the Authority transmitting a copy of such amendment.

Section 810. No Assignment or Transfer.

Except as provided in Section 705 hereof, neither party to this contract will be entitled or empowered to assign or transfer this contract or any interest therein, unless such assignment is required by act of the General Assembly.

Section 811. Prior Contract Superseded.

This contract amends and restates the Prior Contract, provided that all obligations previously incurred under said Prior Contract and not discharged will constitute obligations hereunder.

Section 812. Severability.

In case any one or more of the provisions of this contract will for any reason be held to be illegal or invalid by a court of competent jurisdiction, it is the intention of each of the parties hereto that such illegality or invalidity will not affect any other provision hereof, but this contract will be construed and enforced as if such illegal or invalid provision had not been contained herein.

Section 813. Choice of Law.

This contract will be construed to adopt, but not to enlarge upon, all the applicable provisions of said Act, and all the applicable provisions of the Constitution and general laws of Georgia, and, if any provisions hereof conflict with any applicable provision of said Constitution or laws, the latter as adopted by the General Assembly and as interpreted by the courts of this state will prevail in lieu of any provision hereof in conflict or not in harmony therewith. This contract, and any claim, dispute or controversy relating to or concerning this contract or the parties' business relationship, whether sounding in contract, tort, legal, equitable, statutory or otherwise, whether arising before or after the effective date of this contract, will be governed by Georgia law, notwithstanding Georgia's or any other State's choice-of-law or conflict-of-law rules.

Section 814. Non-Georgia Member Board Participation.

Under the Act, the Board is composed of persons elected by representatives of the Georgia Members. To further facilitate Non-Georgia Member participation in the Authority and its development and approval of, among other things, (a) fair and non-discriminatory pricing mechanisms in accordance with Section 503, (b) other terms and conditions as part of the Authority's service rules and regulations, which are not inconsistent with the provisions of this contract or any Supplemental Contract, in accordance with Section 808, and (c) other policies and practices of the Authority, the Authority hereby established three non-voting Board positions to be elected by representatives of the Non-Georgia Members in accordance with the procedures set forth on Schedule 3 hereto.

IN WITNESS WHEREOF, the Municipal Gas Authority of Georgia has caused this contract to be executed in its corporate name by its duly authorized officers and has caused its corporate seal to be hereunto impressed and attested; the Non-Georgia Member has caused this contract to be executed in its corporate name by its duly authorized officers and its corporate seal to be hereunto impressed and attested, and delivery hereof by the Authority to the Non-Georgia Member is hereby acknowledged, all as of the day and year first above written.

Schedule 1

Interpretation

Unless the context otherwise requires, the following rules will govern the interpretation of this contract and other contracts between the Authority and Member:

- (a) The Parties have jointly drafted this contract, and the Members have jointly negotiated all Gas Supply Contracts, and such contracts will be deemed to be their joint work product and will not be construed against either Party, or any Member, by reason of its preparation.
 - (b) The recitals at the beginning of this contract are incorporated herein for all purposes.
- (c) Titles appearing at the beginning of any articles, sections, subsections and other subdivisions of this contract are for convenience only and will not constitute part of such subdivisions and will be disregarded in construing the language contained in such subdivisions.
- (d) Words singular and plural in number will be deemed to include the other and pronouns having masculine or feminine gender will be deemed to include the other.
- (e) Any reference in this contract to any person includes its successors and permitted assigns and, in the case of any governmental authority, any person succeeding to its functions and capacities.
- (f) Any reference in this contract to any Section, Exhibit or Schedule means and refers to the Section contained in, or the Exhibit or Schedule attached to, this contract, unless otherwise specified. Each Exhibit and Schedule attached hereto is incorporated into this contract and made a part hereof for all purposes.
- (g) All uses of "include" or "including" will be deemed to be followed by "without limitation", whether expressly so stated or not.
- (h) All references to a law, rule, regulation, contract, agreement, or other document mean that law, rule, regulation, contract, agreement, or document as amended, modified, supplemented or restated, from time to time.
- (i) Any definition of one part of speech of a word, such as a definition of the noun form of that word, will have a comparable meaning when used as a different part of speech, such as the verb form of that word, and other grammatical forms of defined words or phrases, if initially capitalized, have corresponding meanings.

Schedule 2

Alternative Dispute Resolution

- (a) Informal Resolution. The parties will attempt in good faith to resolve any Claim promptly by negotiation between representatives who have authority to settle the Claim. The party making the Claim must first give the other party written notice of the Claim. The receiving party must provide a written response within fifteen (15) days after delivery of the notice. The notice and response must include (1) a statement of the party's position and a summary of arguments supporting that position, and (2) the name and title of the representative who will represent the party in negotiations. Within thirty (30) days after delivery of the notice, the representatives of both parties will meet at a mutually acceptable time and place. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, or attorneys are privileged and inadmissible for any purpose in arbitration or any other proceeding. All applicable statutes of limitations and defenses based upon the passage of time will be tolled while the procedures in subsection (a) are pending and for fifteen (15) days after the parties hold the in-person negotiation.
- (b) Mediation. If the Claim is not resolved after such negotiations, the parties may submit the Claim to JAMS (originally Judicial Arbitration and Mediation Services, Inc.), or its successor, for mediation to be conducted in Fulton County, Georgia. Either party may start the mediation by providing JAMS and the other party a written request for mediation, setting forth the Claim and the relief requested. The parties will cooperate with JAMS and with one another in selecting a mediator from the JAMS panel of neutrals and in scheduling the mediation proceedings. The parties agree that they will participate in the mediation in good faith and that they will share equally in its costs. All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, or attorneys are privileged and inadmissible for any purpose in arbitration or any other proceeding. Neither party may file an arbitration against the other before completing the mediation process. All applicable statutes of limitations and defenses based upon the passage of time will be tolled while the procedures in subsection (b) are pending and for fifteen (15) days after the completion of any mediation.
- (c) Arbitration. If the parties cannot resolve a Claim through mediation, then the Claim must be resolved by binding arbitration before a single arbitrator. The arbitration will be administered by JAMS in accordance with JAMS Comprehensive Arbitration Rules and Procedures. If there is a conflict between the JAMS Rules and the rules in this contract, the rules in this contract will govern. ARBITRATION MEANS THAT EACH PARTY WAIVES ITS RIGHT TO A JURY TRIAL. The parties may, in arbitration, seek all remedies otherwise available under the governing law, provided, however, to the extent that the arbitrator determines that it does not have the power to enter an enforceable judgment ordering a particular remedy otherwise available under the governing law, including mandamus, injunction and actions for specific performance remedies ("Nonarbitrable Remedy"), either party may seek such Nonarbitrable Remedy in the Superior Court of Fulton County, Georgia, which court may accept the finding of fact and determinations of law of the arbitrator respecting the relevant Claim as a stipulation of the parties in the proceeding before it seeking such Nonarbitrable Remedy. Fees, such as attorney's fees and expenses associated with traveling to the arbitration proceeding, will be paid in accordance with JAMS Rules. The arbitration will be held in Fulton County, Georgia unless the parties mutually agree to another location. All

questions about the scope of the arbitration agreement—including all questions of arbitrability—are for the arbitrator to decide. The parties agree that this arbitration agreement affects interstate commerce and that the Federal Arbitration Act applies.

- (d) To start an arbitration, a party must:
- (1) Write a Demand for Arbitration. The demand must include a description of the Claim and the amount of damages sought. A copy of a Demand for Arbitration can be found at www.jamsadr.com.
- (2) Send three copies of the Demand for Arbitration, plus the appropriate filing fee, to:

JAMS Atlanta Resolution Center One Atlantic Center 1201 West Peachtree, NW, Suite 2650 Atlanta, GA 30309

- (3) Send one copy of the demand for arbitration to the other party.
- (e) Class action waiver. Neither party may join or consolidate claims in arbitration by or against other individuals or entities, arbitrate any claim as a representative or non-representative member of a class, consolidate discovery across multiple individual arbitrations, or arbitrate any claim in a private attorney general capacity. Accordingly, the parties agree that the JAMS Class Action Procedures do not apply.
- (f) Confidentiality. The parties will maintain the confidential nature of the arbitration proceeding and the Award, including the Hearing, except as may be necessary to prepare for or conduct the arbitration hearing on the merits, or except as may be necessary in connection with a court application for a preliminary remedy, a judicial challenge to an Award or its enforcement, or unless otherwise required by law, including open records laws, or judicial decision.
- (g) Severability. A court may sever any portion of this Schedule that it finds to be unenforceable, except for the prohibitions on class, representative, and private attorney general arbitration.
- (h) Venue. Any arbitration must be held in Fulton County, Georgia unless another location is mutually agreed to by the parties. If for any reason this arbitration agreement is later held to be unenforceable, the parties (i) agree that any lawsuit or action relating to any Claim between them must be filed in the Superior Court of Fulton County, Georgia, and (ii) to the extent permitted by law, IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LAWSUIT OR ACTION RELATING TO ANY CLAIM. Each party irrevocably submits to the exclusive jurisdiction and venue of the Superior Court of Fulton County, Georgia in any lawsuit respecting Claim. Each party hereby irrevocably waives, to the fullest extent it may effectively do so, the defense of an inconvenient forum to the maintenance of such proceeding. The parties further agree, to the extent permitted by law, that any final and unappealable judgment against any of them in any proceeding contemplated above will be conclusive and may be enforced in any other

jurisdiction within or outside the United States by suit on the judgment, a certified copy of which will be conclusive evidence of the fact and amount of such judgment.	

Schedule 3

Non-Georgia Member Board Position Election Procedure

The three Non-Georgia Member Board positions, the terms of which will begin upon the conclusion of each of their respective **three-year term (except as provided below)**, the beginning of which being in calendar year 2017, and ending upon the election of a successor to each such position, will be elected by an election committee composed of delegates of the Non-Georgia Members in accordance with procedures substantially similar to the Board election procedures provided for in the Act for Georgia Members or appointed, as applicable, provided that:

- (a) The first Non-Georgia Member Board position will be appointed by the largest Non-Georgia Member based on annual quantities of MCF purchased from the Authority during the immediately preceding calendar year ("Largest Non-Georgia Member") calculated during the calendar year in which such appointment is to be made. The initial term of such first Non-Georgia Member Board position shall be one year. Any mid-term vacancy of such position may be filled by appointment by the Largest Non-Georgia Member as of the date of such appointment.
- (b) The second Non-Georgia Member Board position will be elected by election committee members of the Non-Georgia Members with, individually, annual quantities of MCF purchased from the Authority during the immediately preceding calendar year that are greater than or equal to the median quantity of MCF purchased from the Authority by all Non-Georgia Members, excluding the Largest Non-Georgia Member, during the immediately preceding calendar year. The initial term of such second Non-Georgia Member Board position shall be two years. Any mid-term vacancy of such position may be filled via a special election in accordance with procedures substantially similar to the Board election procedures for Georgia Members.
- (c) The third Non-Georgia Member Board position will be elected by election committee members of the Non-Georgia Members with, individually, annual quantities of MCF purchased from the Authority during the immediately preceding calendar year that are less than the median quantity of MCF purchased from the Authority by all Non-Georgia Members, excluding the Largest Non-Georgia Member, during the immediately preceding calendar year. The initial term of such third Non-Georgia Member Board position shall be three years. Any mid-term vacancy of such position may be filled via a special election in accordance with procedures substantially similar to the Board election procedures for Georgia Members.
- (d) Nominations and voting may occur in writing in lieu of a meeting, including by email and facsimile.

Memorandum

Date: April 28, 2016

To: All Gas Authority Members

From: Arthur Corbin

Subject: Amended and Restated Gas Supply Contract

Since the conclusion of the Smyrna, TN litigation last October, the Board has been working with Staff and our attorneys at Alston & Bird to explore refinements to the Gas Authority legal structure that would minimize the Members' collective exposure as a result of any dispute by an individual Member. As a joint action agency, the Gas Authority functions as an extension of its Members to aggregate their natural gas supply, transportation and management needs and to provide related services to achieve lower costs and higher benefits for the Members. The Members share all the risks and rewards of the Gas Authority's operations pursuant to the Gas Supply Contract, as amended and supplemented. The Board has determined that certain revisions to the Gas Supply Contract are necessary to minimize the impact of any dispute by an individual Member on the other Members.

Attached is the current Gas Supply Contract with the proposed changes shown in red-line format which highlights the specific changes. The proposed changes are summarized below. Changes 1 through 10 are designed to limit the membership's exposure to a dispute by an individual Member. Change 11 provides for the extension of the term of the Gas Supply Contract to coincide with current and future long-term supply prepayments.

Proposed Changes to the Gas Supply Contract:

- Add intent language at the beginning of the Contract stating that the Members are
 pooling their resources to operate collectively in the wholesale natural gas market and
 to provide related services through the Gas Authority and as such share in the risks and
 rewards associated with the Gas Authority's operations (Pages 1 and 2 and Schedule 1)
- 2. Clarify Fulton County Superior Court as the exclusive venue for all court actions by Members, including Non-Georgia Members (Schedule 2)

- 3. Refine the Choice of Law provision to make clear that Georgia law applies to all disputes, including contract claims and tort claims (Page 23)
- 4. Add Alternative Dispute Resolution and Arbitration Clause to reduce the cost of dispute resolution and increase the chances of amicable resolution prior to litigation or arbitration (Pages 17 and 21 and Schedule 2)
- 5. Add provision to limit Gas Authority liability for only direct damages incurred due to gross negligence and intentional acts that affect a Disputing Member substantially different than the other Members (Pages 21 and 22)
- 6. Clarify that the Gas Authority is not a fiduciary to any individual Member as the Gas Authority's duty is to operate in the best interests of the Members collectively (Page 20)
- 7. Clarify the Gas Authority's reporting responsibility under Section 204 (Page 8)
- 8. Clarify in Section 803, Indemnification, that the Gas Authority has no obligation to indemnify a Member for costs associated with a dispute between the parties (Page 20)
- 9. Clarify the services provided under the Contract (Pages 8 and 9)
- 10. Allow Non-Georgia Members to provide input to the Board through two advisory board positions (Page 23 and Schedule 3)
- 11. Extend the term of the Contract to match the likely term of future Main Street Natural Gas and other long-term supply prepayments acquired by the Gas Authority (Page 2). This would not affect the right to take Resigning Member status.

The proposed changes have been fully vetted by our Board of Directors, Executive Staff and General Counsel. While no language can provide foolproof protection, it is our collective opinion that these improvements will afford our Members the best possible protection from future legal challenges like the Smyrna litigation.

NEXT STEPS

Between now and June 15, 2016, please take time to review the attached red-line version of the Gas Supply Contract, and do not hesitate to raise any questions or concerns. Barring any unforeseen issues, on July 1, 2016, we plan to mail a clean set of Gas Supply Contracts for formal approval by each of our Members. The packet will include clear instructions, an authorizing resolution for your local government, and a timeline. If you have any questions in the meantime, please don't hesitate to contact me, any Board Member (contact info attached), Chris Strippelhoff or your Member Services representative.

CITY OF QUINCY CITY COMMISION AGENDA REQUEST

MEETING DATE: May 9, 2016

DATE OF REQUEST: May 3, 2016

TO: Honorable Mayor and Members of the City Commission

FROM: Mike Wade, Manager, City of Quincy

Bernard O. Piawah, Director, Building and Planning

SUBJECT: Revision to Letter of Intent to Purchase Land Adjacent to the

Landfill owned by Sheline LLC to serve as a Buffer

Statement of Issue:

This is a request to modify the offer that was made in the letter of intent to purchase a 21.5-acre piece of property located adjacent to the landfill that is owned by Sheline Properties LLC. On March 22, 2016 the City Commission approved the offer that was made by the City's staff to purchase the property for \$44,720.00 (i.e., \$2,080) per acre). The property owner has responded with a counter offer to sell the property for \$53,750.0 (i.e., 2,500 per acre). The City's staff is requesting that the City Commission approve the offer to purchase the property for \$53,750.00. This is because the amount offered by the owner is within the approximate appraisal value the property. (Please see attached the original agenda item of March 22, 2016).

OPTIONS:

Option 1: Vote to approve the revised offer in the letter of Intent to purchase a

portion of the land adjacent to the landfill owned by Sheline, LLC to

serve as a buffer.

Option 2: Vote to disapprove the revised offer to purchase the property.

CITY OF QUINCY CITY COMMISION AGENDA REQUEST

MEETING DATE: March 22, 2016

DATE OF REQUEST: March 16, 2016

TO: Honorable Mayor and Members of the City Commission

FROM: Mike Wade, Manager, City of Quincy

Bernard O. Piawah, Director, Building and Planning

SUBJECT: Letter of Intent to Purchase Land Adjacent to the Landfill as

Buffer

Statement of Issue:

The purpose of this agenda item is to inform the Commission that the City is currently negotiating with the Sheline Trust for the purchase of approximately 21 acres of land adjacent Quincy Byrd landfill to help address the issue of contamination from the landfill. On August 22, 2013, the City had received a letter from Sheline Partnership, LLLP, asking the City to purchase approximately 25 acres of its property east of the landfill that is currently under the cloud of potential contamination. In view of that on September 3, 2013 an agenda item was brought to the commission for authorization to enter into negotiations with the Sheline Trust for the purpose of acquiring this land; the request was approved unanimously. The proposal in the attached letter of intent is to purchase + or - 21.5 acres at a cost of \$2,080.0 per acre for a total of about \$44,720.0. The purchase price stated herein is based on the appraisal that was conducted by the City in March 2014. The City's staff is recommending that the City Commission approve the letter of intent to purchase this land.

Background:

Regarding the Quincy Byrd Landfill, Sheline Partnership, LLLP, owns the land east of the landfill. For the past several years, the State Department of Environmental Protection (DEP) had required the City to conduct groundwater monitoring and evaluation on the property east of the landfill for potential groundwater contamination. According to reports submitted to DEP, a vinyl chloride level that exceeds EPA's

allowed standard was observed in a couple of the monitoring wells located east of the landfill boundary. The report of 2013 recommended additional rounds of groundwater monitoring to confirm results.

Since then more studies have been conducted and the DEP has now concluded that the vinyl chloride found in the monitoring well on the strip of land between the landfill and the Sandco Mine, owned by Sheline LLLP, comes from the landfill.

In view of that, on February 19, 2016, the City's staff met with FDEP where they recommended that one action the City could take is to acquire the strip of land between the landfill and Sandco Mine plus other land to the east of the strip to set aside a buffer and place a restrictive use covenant on it.

Sheline Trust does not own all of the land within the strip. So, the City will later approach the owner of the remainder of the strip to acquire a portion of their land or seek a restrict use agreement with them.

The letter of intent attached herein will show the FDEP that the City is serious about addressing the contamination issue on this strip of land. The area tentatively identified for purchase is approximately 21.5 acres and it is the area between Sandco Mine and the landfill and some of the area to the west as shown in the attached map. The money for the purchase was not budgeted and the purchase is contingent on the appropriation of funds during the 2016-17 budget. This letter of intent does not represent the final contract to buy the land and it is non-binding. The final purchase contract will be brought to the Commission for approval.

OPTIONS:

Option 1: Vote to approve the letter of Intent to Purchase a portion of the land

adjacent to the landfill owned by Sheline, LLLP as a buffer.

Option 2: Vote to disapprove the decision to purchase the land.

STAFF RECOMMENDATION:

City of Quincy City Commission Agenda Request

Date of Meeting: November 22, 2016

Date Submitted: November 17, 2016

To: Honorable Mayor and Commissioners

From: Mike Wade, City Manager

Ted Beason, Finance Director

Subject: Waste Pro C.P.I. Rate Increase

Since October of 2007 the City has operated with an agreement with WastePro to provide garbage services. Under the terms of the agreement WastePro is permitted to increase its rates once a year by the amount of the increase of the Consumer Price Index. WastePro implemented a 1.04% increase in October of 2016. The tables below summarize the rate increase to the City for residential customers.

	Waste Pro Ra	ates		
			Oct 2016	į

	Rate	1.04%	Rate	
Residential	\$ 18.22	\$0.19	\$ 18.41	
Residential Recycling	\$ 5.73	\$0.06	\$ 5.79	
Commercial Handload	\$ 22.31	\$0.23	\$ 22.54	,

Rather than absorbing the rate increase, we are recommending that the City raise its garbage collection rates by 1.04%, the same percentage increase that WastePro passed onto to the City. The table below shows residential rate increases that the City would implement.

CITY OF QUINCY CITY COMMISSION AGENDA REQUEST

Date of Meeting: November 22, 2016

Date Submitted: November 17, 2016

To: Honorable Mayor and Members of the City Commission

From: Mike Wade, City Manager

Greg Taylor, Director, Parks and Recreation

Subject: 2016 Christmas Parade

Issue:

City of Quincy Parks and Recreation Department is requesting approval to organize and host a Christmas Parade on Thursday, December 15, 2016.

Background:

It has become a tradition that the City of Quincy organizes and hosts a Christmas Parade every year in the month of December. This parade normally starts on the corner of Stewart and Washington Streets. It continues east on Washington Street and ends on North Madison Street. In the past, to be as hospitable and accommodating as possible, we have informed all businesses and residents along this route that the parade will be taking place. We have also coordinated the parade around the events that two groups, First Baptist Church and Leaf Theater, have every year. This effort has given each party the ability to maximize parking for their events. We normally yield to the Fridays that both groups are having events on, however the only Friday that is available this year is two days before Christmas. We believe that turnout would be very low on this date, therefore we have come up with an alternate date of Thursday, December 15, 2016.

Options:

- Option 1: Move to approve the parade for Thursday, December 15, 2016
- Option 2: Disapprove the parade for Thursday, December 15, 2016

Staff Recommendation:

Option 1.
